Distinguished Budget Presentation Award

PRESENTED TO

**Alamance County
North Carolina**

For the Fiscal Year Beginning

July 01, 2024

Christopher P. Morill

Executive Director

Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to Alamance County, North Carolina, for its Annual Budget for the fiscal year beginning July 1, 2024. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as a financial plan, as an operations guide, and as a communications device.

This award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

Budget Process

Alamance County develops and adopts a budget calendar each year to guide the budget process as a supplement to the prescribed processes of the North Carolina Local Government Budget and Fiscal Control Act (NCLGBFCA). The full budget calendar is included in this document, and details are presented below:

Operating Budget

Beginning in January 2025, Budget staff distributed internal budget request forms for personnel with requests due at the end of the month. Staff began planning for the fiscal year 2025-2026 (FY25-26) budget by meeting with the Board of Commissioners (BOC) for the Annual Retreat on February 17, 2025. The budget module within our accounting software was made available to departments in February for operating cost requests. Budget staff analyzed and compiled these requests for management meetings. Individual departments met with the County Manager, Management, and Budget Department staff to communicate their needs and requests. After the departmental meetings, the County Manager and staff began balancing expenditure requests to meet revenue estimates. Revenues were continually monitored and adjusted as new information became available. The Manager's Recommended Budget was presented at the May 19, 2025 BOC meeting. Public comment was held at the June 2, 2025 meeting. Multiple budget work sessions were held with the BOC, local school district, local community college, and county staff throughout early June. The FY25-26 budget was adopted at the June 16, 2025 meeting of the BOC.

Capital Improvement Plan and Capital Budget

Concurrently to the operating budget development process, Budget staff distributed request forms to county departments, the local school district, and the local community college for the capital budget and 5-year Capital Improvement Plan (CIP) development process in early January 2025. Requests were submitted to Budget staff at the end of January and then reviewed and ranked by a team consisting of the County Manager, County Management, Finance, Budget, and Facilities staff. The review team then began balancing expenditure requests to meet revenue estimates. The Manager's Recommended CIP was presented April 7th to the BOC. An updated capital plan was adopted by the BOC on June 16, 2025. In addition to the budget development cycle, capital budget planning and updates take place year-round. Updates are made according to conversations with Alamance-Burlington School System (ABSS), Alamance Community College (ACC), and County staff regarding project timelines, project costs, bond issuance dates, and installment financing needs.

Outside Agency Funding

The BOC may choose to allocate funding to non-governmental agencies that serve citizens of the county. There are different funding options for such agencies. The agencies may receive funding allocated through the County's share of the Home and Community Care Block Grant administered by the North Carolina Department of Health and Human Services if they provide services utilized by aging citizens. Agencies that host and attract visitors and tourists to Alamance County may receive an allocation of the County's share of occupancy tax. Agencies wishing to apply for funding through Alamance County were notified of the application process and given until February 28, 2025 to submit their requests. Staff entered those requests into the accounting system and funding levels were included in the Manager's Recommended Budget.

Basis of Budgeting

The County's budgets are adopted as required by the North Carolina General Statutes. An annual budget ordinance is adopted at the departmental level for the General Fund, and special revenue funds except for project and settlement funds such as the Grant Project Fund and Opioid Settlement Fund. All annual fund appropriations lapse at fiscal year-end. Project ordinances are adopted for the Grant Special Revenue Fund, American Rescue Plan Fund, Opioid Settlement Fund, and the capital project funds. All budgets are prepared using the modified accrual basis of accounting and are balanced at the fund level other than those adopted at the project ordinance level such as capital project funds and the grant project fund.

**Amending the Budget**

Expenditures may not legally exceed appropriations at the departmental level for the General Fund, at the functional level for special revenue funds, enterprise funds, and internal service funds, and at the project level for capital projects and settlement funds. The County Manager or the County Manager's designee is authorized by the budget ordinance to transfer appropriations between functional areas within departments of a fund while ensuring the fund remains in balance; however, any amendments that alter the total expenditures of any fund must be approved by the governing board. Transfers of appropriations between departments in a fund and from contingency must be approved by the governing board or may be approved by the County Manager in conformance with County policy.

Long-Range Planning**Strategic Plan**

Alamance County Board of Commissioners voted to update the county-wide strategic plan on January 30, 2024 at the annual board retreat. This plan continues the County's mission to effectively provide citizens with high-quality public services, the tools for successful economic development, and a responsive, transparent government that supports the community as the preferred place to live, work, and play. Five (5) strategic pillars are used to connect the strategic plan to funding decisions during the budget development process and programmatic changes throughout each fiscal year:

- Public Safety: Protect the public health and safety of our residents
- Education: Collaborate with our local education providers to support lifelong learning
- Quality of Life: Maintain the quality of life in our community by supporting our unique assets
- Accountability: Provide accountable and efficient government services
- Smart Development: Preserve our rural heritage, develop our urban core

Long-Range Financial Plans

The County uses a 5-Year General Fund financial model as a way to balance patterns from historical budget years with anticipated trends in revenues and expenses. Growth is based on varying elements such as average inflation, population growth, cyclical services such as elections, and multi-year capital projects to anticipate operating impacts. In an effort to effectively plan for large-scale capital projects and financial impacts, the County also uses a 20-year debt affordability model. Debt projected for the Alamance-Burlington School System, Alamance Community College, and the County are included in the model for a holistic projection.

In addition to the county-wide debt affordability model, the County models historical and budgeted financial performance and reserve levels over a prior 5-year period. This determines required fund revenue levels needed to support ongoing operating and capital needs while projecting future changes to rate payers and/or structuring future debt issuance.

Budget in Brief

The County Budget is crafted with consideration of key aspects of the Financial and Budgetary Policy adopted by the Board of Commissioners. Key aspects of the financial policies include:

Fund Balance Target

Fund balance is used for cash flow to fund operations while taxes and other revenues are collected throughout the year. Additionally, fund balance is a safety net for emergencies and is a factor in the consideration of bond ratings. Alamance County's policy is to maintain unassigned General Fund savings (fund balance) equal to at least 20% of the year's General Fund expenditures at year-end. The chart shows the previous five years of unassigned fund balance as a percentage of general fund expenditures. According to the financial audit of FY23-24, Alamance County had an unassigned fund balance of \$41,023,644, or 20% of that year's General Fund expenditures.

While Alamance County's fiscal policy monitors and measures the *unassigned* fund balance, the Local Government Commission (LGC) monitors the *available* fund balance of all local governments in North Carolina. According to the State Treasurer's Annual Financial Information Reports for FY23-24, Alamance County had an available fund balance of \$80,799,564, or 39.1% of that year's General Fund expenditures.

Debt Ratio Limit

The County's financial policy states that tax-supported debt service shall not exceed 15.0% of General Fund expenditures in any given year. Alamance County has consistently met this goal and always considers the effects on future operating budgets when determining if and when to finance capital expenditures with debt. Alamance County has consistently complied with this policy, and the tax-supported debt ratio included in this budget is 7.2% of General Fund expenditures. The chart above demonstrates five years of the County's performance on this metric.

Adherence to these guidelines and policies benefits the County's fiscal sustainability and bond ratings. The County's bond rating is a critical factor in the cost of financing capital projects with debt instruments. Rating

agencies consider a variety of metrics in determining the bond rating, including but not limited to tax base, current debt obligations, and fund balance. As part of the bond issuance process, Alamance County was subject to an updated bond rating assignment, receiving a rating of Aa1 from Moody's and AA+ from Standard & Poor in the Spring of 2024. Ultimately, better bond ratings save citizens money through generally lower interest rates on bonded debt.

General Fund Revenues

Revenue Projection Methodology: County staff track and estimate revenue using different methodologies, depending on the revenue source. Current year property tax for real property and vehicles is calculated according to a formula that incorporates property values, tax rate, and estimated collection rate. For this budget, estimated values and associated collection rates are outlined in the next subsection.

Sales tax projections are calculated using a combination of a mathematical trend analysis accounting for seasonality known as exponential smoothing, along with objective considerations. The trend analysis utilizes North Carolina Department of Revenue (NCDOR) sales tax collection data for Alamance County from July 2013 through February 2025 to project sales tax for FY25-26 within a 95% confidence interval. Based on this analysis, the projected sales tax collections for the FY25-26 represent a .8%, or \$368,253 decrease from the FY24-25 adopted budget. Sales tax collections to date in FY24-25 generated less revenue than originally budgeted.

Other revenue sources are also projected using other standard trend analysis tools and previous years' data. In addition, departments submit their anticipated departmental revenues directly, given their familiarity with those revenues.

Major Revenue Highlights:

- The property tax rate is 49.4 cents per \$100 value.
- Revenue from ad valorem taxes is projected to increase by 8.4% from the FY24-25 adopted budget.
- Sales tax revenue is projected to decrease by .8% from the FY24-25 adopted budget.
- Sales and Services revenues are expected to increase by .43% over the FY24-25 adopted budget.

FY25-26 Adopted General Fund Revenues as % of Budget

Property Taxes: Property taxes continue to represent the single largest source of revenue for the County's General Fund. In preparing the FY25–26 Recommended Budget, the Budget and Management Department relied upon valuation data provided monthly by the County Tax Assessor.

These estimates serve as the official basis for projecting property tax revenues and ensuring the financial stability of the County's operations.

For the upcoming fiscal year, taxable property values are projected to demonstrate moderate but steady growth across all major categories. Taxable real property is anticipated to increase by 1.8 percent when compared to the budgeted values for FY24–25. Taxable personal property is projected to increase by 6.8 percent, reflecting continued investment and growth in equipment and business assets. Utility property values are projected to rise by 6.86 percent, providing further stability to the overall tax base. Taken in aggregate, the County's total taxable property base is expected to expand by 2.5 percent over the prior year's budgeted values.

In establishing revenue projections, staff has applied a 99.2 percent collection rate for property taxes levied and collected directly by the County. For motor vehicles, which are billed and collected through the State of North Carolina's Tax and Tag Together Program, a 100 percent collection rate has been applied. These collection assumptions are consistent with recent historical performance and reflect prudent financial forecasting practices. As a result, revenues from property tax collections—both current year levies and delinquent collections—are projected to increase by 10.2 percent relative to the revenues included in the adopted FY24–25 budget. Based on the projected tax base for FY25–26, the value of one cent on the property tax rate has been calculated at \$2,652,787. This calculation provides a critical measure for evaluating the fiscal capacity of the County and serves as a benchmark in determining the appropriate tax rate necessary to support essential County services and long-term financial sustainability.

Property Taxes

	2025 Adopted Values	2026 Adopted Values	% Increase / Decrease
Real Property	21,706,686,670	22,100,000,000	1.81%
Personal	1,671,544,990	1,785,725,164	6.83%
Utilities	478,072,134	510,860,699	6.86%
Motor Vehicles	2,132,926,441	510,860,699	10.21%
Total Taxable Value	25,989,230,235	26,747,193,612	2.92%

Sales Tax

Sales Tax: Alamance County collects a total of 2.0 cents on every dollar of taxable sales. The sales tax consists of three separate articles authorized by the North Carolina General Statutes. The sales tax chart displays more detail than other categories due to the significance and movement of projections around this particular revenue.

Article 39: One cent on every dollar. The State collects this revenue and redistributes it to the county in which the sale was made.

Article 40: One-half cent on every dollar. The State collects this revenue and redistributes it to each county on a per-capita basis. Thirty percent of the Article 40 collection is earmarked for school capital or debt.

Article 42: One-half cent on every dollar. The State collects this revenue and redistributes it to the county in which the sale was made. Sixty percent of the Article 42 collection is earmarked for school capital or debt. For the FY25-26 budget, staff recommend a total sales tax budget of \$45,630,300

Other Taxes and Licenses: Other Taxes and Licenses represent locally collected taxes other than property tax and sales tax. Overall, this revenue category is expected to increase 6.7% from the FY24-25 budget, primarily due to the increase in Vehicle Rental Tax.

Other Taxes and Licenses

Occupancy Tax: Occupancy tax revenues have been collected at a higher level than originally anticipated in previous years. Estimates for the FY25-26 budget are for revenues to increase over FY24-25 budget. This revenue is split between the County, which retains 1/3 of the collection, and the local Tourism Development Authority, which retains 2/3 of the collection. This revenue is restricted for activities and expenses to attract visitors to Alamance County.

Real Property Transfer Tax: The Real Property Transfer Tax is a State-imposed charge applied to properties sold within the County. Counties share half of the revenue with the State. Alamance County's Real Property Transfer tax had begun to decline due to rising interest rates but came in slightly above expectations in FY24-25. County staff anticipate FY24-25 was an outlier and the previous trends will continue until inflation and interest rates lower. Staff is estimating a decrease for the adopted FY25-26 budget.

Restricted Intergovernmental

Intergovernmental Revenue:

Restricted:

Intergovernmental revenues are shared by the state and federal governments, generally to fund specific programs. These program-specific requirements assign the revenue the “restricted” label. This category includes Social Services reimbursements, health programs, certain detention revenues, and even some grants from the State for parks and recreation activities. Restricted Intergovernmental revenues are budgeted to decrease by 1.69% over the adopted FY24-25 budget.

Human Services Reimbursements: Alamance County’s Health and Social Services Departments are heavily supported by intergovernmental revenues. All federal and state reimbursements are based on estimates provided by the NC Department of Health and Human Services and adjusted for local conditions. These reimbursements are linked directly to human services operational and programmatic expenditures.

Lottery Proceeds: Lottery proceeds are distributed to counties to fund school capital expenditures or school-associated debt service from previous capital financing’s. Based on an inter-government agreement with the Alamance-Burlington School System, the revenues budgeted in the general fund are intended for debt service payments. Alamance County has budgeted \$1,459,100 in estimated lottery proceeds for FY25-26.

Beer and Wine Tax: This tax is the only intergovernmental revenue source categorized as “unrestricted” that Alamance County receives. It may be used for any public purpose.¹ The tax is paid by producers of alcohol based on their sales in North Carolina. Beer and Wine tax revenues have been relatively stable over recent years, averaging \$266,351 per year from 2021 through 2024. Staff recommend a budget of \$275,000 for FY25-26, which is \$10k higher than the amount adopted for FY24-25

Intergovernmental - Unrestricted

General Fund Sales and Services: Sales and service revenue is generated when county departments provide services directly to residents and are reimbursed either directly from residents or a third party, such as Medicaid. Departments often determine their fees for sales and services, subject to approval by the Governing Board. The exception is Medicaid because reimbursement rates are set by the federal government. Overall, the Sales and Services revenue category is expected to increase by .43% in FY25-26 compared with the adopted FY24-25 budget.

¹ G.S. 105-113.82 (g)

Licenses and Permits

Licenses & Permits: Licenses and permits are issued by the Register of Deeds, Inspections Office, and Department of Social Services. The Register of Deeds issues marriage licenses, records plats, and other such activities as prescribed by the North Carolina Statutes. Register of Deeds recording fees are determined by the statutes and are not controlled by the Governing Board. Most other fees are established locally and can be set at various levels at the discretion of the Department, including inspection fees, subject to the approval of the Governing Board. County staff expect revenue for FY25-26 to be lower than FY24-25 adopted budget – \$1,530,400.

Sales and Services

Register of Deeds Fees: Fees are charged for most services offered by the Register of Deeds. The budget for FY25-26 is set at \$907,800 as determined by trend analysis on previous years' data and expected year-end amounts for the current fiscal year.

Building Inspection Fees: The budgeted figure for FY25-26 is \$1,200,000 which is 7.91% higher than the adopted FY24-25 budget to account for continued permitting and inspection volume.

Investment Earnings: Increasing interest rates are yielding higher returns on the County's cash investments. As a result, County staff recommend a budget of \$5,776,900 for investment earnings in FY24-25, representing a 92.6% increase from the adopted FY24-25 budget.

Transfers In: Transfers represent a flow of resources into the General Fund from other funds. The most common example would be the transfer of funds from the Schools Capital Reserve Fund into the General Fund for a debt service payment by the capital plan. There are no budgeted transfers in for FY25-26.

General Fund Expenditures

Overall department expenses within Alamance County are budgeted to increase 6.97% from the adopted FY24-25 budget. Education, Public Safety, and Human Services remain the most prominent expenditure categories for Alamance County and account for 73.5% of the General Fund expenditures presented in this budget.

Adopted General Fund Expenditures per Fiscal Year by Function

Public Safety: The Public Safety function budget will increase by 7.95% compared to the adopted FY24-25 budget. Contract Services are the main factor contributing to increases from FY24-25. Public safety remains the second-largest function within the General Fund by expenditure behind Education.

Human Services: The Human Services function includes both County units and outside agencies receiving Home and Community Care Block Grant (HCCBG) grant funds and/or extending the County's ability to provide Human Services such as transportation. Many of this function's expenditures are either reimbursed by intergovernmental agencies or covered by grants. Additionally, some units of Human Services operate entirely without County funding, including the Women Infant and Children (WIC) program and the Dental Clinic in the Health Department. The budget for this function will increase by 19.9% compared to the adopted FY24-25 budget. This increase is attributed to moving Behavioral Health funding to the Human Services function.

Transfers: The transfers in the Health Department function represents County funds that are moved *out* of the General Fund and *into* other funds such as Capital Reserve or Capital Project Funds for the County, Alamance-Burlington School System, and Alamance Community College. Transfers will increase by 96.64% from the adopted FY24-25 budget; this is primarily to fund ABSS Capital Improvements.

General Government: The General Government budget for FY25-26 will decrease 9.15% from FY24-25's adopted budget. The decrease results from distributing retiree health costs across all departments rather than in the General Government Function.

Debt Service: Debt Service includes both principal and interest payments for all financing arrangements for

capital projects, and vehicle and equipment purchases. The debt service is budgeted for Alamance-Burlington School System, Alamance Community College, and Alamance County. The debt service budget includes payments on existing debt as of July 1, 2025. The Debt Service budget for FY25-26 will decrease 13.7% from the FY24-25 budget as planned in the multi-year debt model.

Culture & Recreation: The Culture and Recreation function is comprised of both County departments and outside agencies receiving Occupancy Tax funds. The budget for this function will decrease by 1.5% from the adopted FY24-25 budget due to moving Outside Agency funding to the Economic Development Function.

Economic & Physical Development: The Economic and Physical Development function budget will increase by 25.73% from the adopted FY24-25 budget. This is due to an increase in Economic Development Grants, Incentive Agreements, and funding requirements for ACTA through a loan request, in addition to moving outside agency funding to the Economic Development Function.

Education Funding

In addition to the initiatives and projects covered above, the County received a request from the Alamance-Burlington School System (ABSS) totaling \$64,667,651 (\$59,047,151 for Current Expense/operations, \$4,820,500 for repairs and maintenance, and \$800,000 for school fines and forfeitures) compared to the FY24-25 budget of \$59,290,151. The FY25-26 adopted budget is \$58,927,351 which is comprised of \$53,306,851 for Current Expense/operations, \$4,820,500 for repairs and maintenance, and \$800,000 for school fines and forfeitures as required by accounting standards from the Governmental Accounting Standards Board (GASB). Fines and forfeitures allocations are funded by pass-through State court fines.

The County received a request from Alamance Community College (ACC) totaling \$5,850,453 (\$5,224,453 for Current Expense/operations and \$626,000 for repairs and maintenance) compared to the FY24-25 budget of \$5,413,822. The adopted budget totals \$5,413,822 which maintains level funding at \$4,877,822 for Current Expense/operations and \$536,000 for capital improvements.

Indigent Trust Fund

Indigent Trust Funds are a DSS Trust account where funds are held for individuals for whom the County is the guardian. Alamance County complies with the standards established by the Governmental Accounting Standards Board (GASB). GASB issued a new Statement 84 in fiscal year 2021 regarding the accounting practices related to fiduciary activities. The implementation of this statement requires the County to budget for and report DSS Trust accounts, such as the Indigent Trust Fund, in a separate fund. The County adopted a budget of \$1,590,000.00 in estimated revenues, which will self-balance to the expenses, for FY25-26.

Special Revenue and Capital Reserve Funds

The County maintains several special revenue and capital reserve funds. Special revenue funds collect revenue sources that are restricted as to their use, and the Local Government Commission requires they be maintained in funds separate from the General Fund. The County's twelve fire districts are each maintained in their special revenue fund. In addition, the Emergency Telephone System (ETS) is maintained as a special revenue fund. The State 911 Board levies a monthly service charge of 55 cents on each telephone number assigned to a residential or commercial subscriber. The 911 Board uses a formula to determine how much revenue will be allocated to each public safety answering point (PSAP). The revenue must be accounted for in its separate fund and must be

used for the lease, purchase, or maintenance of emergency telephone equipment, addressing, telecommunications furniture, and dispatch equipment located exclusively in the building where the PSAP is located. Some other nonrecurring costs may be covered, subject to the approval of the 911 board.² The adopted budget for the E911 Fund is \$527,788

The County's capital reserve funds include the County Buildings Capital Reserve, Schools Capital Reserve, and ACC Capital Reserve Funds. Allocations made by the capital reserve funds are transfers to capital project funds or the General Fund to pay debt service or fund Pay-Go capital projects.

Tourism Development Authority Fund

The County contracts with the Tourism Development Authority to oversee the operation of the Convention and Visitor's Bureau. The Tourism Development Authority must spend its allocations on operations and programs that promote visitation and tourism to Alamance County. The adopted Tourism Development Fund budget for FY25-26 is \$1,040,886.

Landfill Fund

The Landfill Fund is Alamance County's only enterprise fund. Financially, the Landfill Fund continues to operate as budgeted, setting aside sufficient funds for closure and post-closure reserves as required by law. User fees generate revenue in this enterprise fund. The adopted Landfill Fund budget for FY25-26 is \$16,806,843.

Employee Compensation and Positions

The adopted budget continues the Merit Program at up to 3% of annual salary in FY25-26 for County employees. The adopted budget also implements a County-wide 2% Cost-of-Living Adjustment for all general County employees. Additionally, the adopted budget includes three new full-time positions (Dentist II, Human Services Planner, and Assistant County Attorney).

Internal Service Funds

The County maintains two internal service funds – the Employee Insurance Fund and the Worker's Compensation Fund. These funds were created so the County could self-fund their health insurance benefits extended to employees and worker's compensation liability, respectively. According to the most recent audited financial statements (Schedule H-2), the Health Insurance Fund held a fund balance of \$7,091,349 and the Workers' Compensation Fund held a fund balance of \$1,142,425 as of June 30, 2024.

About Alamance County

Alamance County, located in central North Carolina, is a county of continued growth. The County's geographic location places it at a point straddling the I-85/I-40 corridor with the Triad region immediately to the west and the Triangle to the east. The I-85/I-40 corridor is considered one of the most dynamic business growth corridors stretching from the mid-Atlantic to the southeast region of the U.S. The County is bordered on the west by Guilford and Randolph counties, on the east by Orange County, on the south by Chatham County, and on the north by Caswell County. The County is positioned between two major metropolitan areas of the state, the Piedmont Triad (Greensboro, High Point, and Winston-Salem) and the Research Triangle (Raleigh, Durham, and Chapel Hill), and is in an enviable position for future growth. The County is approximately 30 miles south of the Virginia border and approximately 130 miles north of the South Carolina border.

Alamance County, North Carolina

The topography, for the most part, is gently rolling and level land. The average elevation is approximately 656 feet above sea level with the lowest point being along the Haw River in the southeastern portion and the highest on Cane Creek Mountain in the south-central part of the County. The Haw River traverses the County from Guilford County to the Chatham County line. Most of the County lies in the upper Cape Fear River Basin.

Alamance County was formed in 1849 from the western portion of Orange County by an act of the General Assembly. It covers a land area of 434 square miles (277,760 acres) and has a population of approximately 178,232. The county seat is the City of Graham, with a population of approximately 17,856, founded in 1851. The county has 10 municipalities located within its borders. The City of Burlington is the largest municipality with a population of approximately 59,287, and the Town of Ossipee, with a population of approximately 544, formed in 2002, is the newest municipality. The County operates under the commissioner-manager form of government. The five members of the Board of Commissioners are elected at-large and serve staggered four-year terms. The Commissioners are responsible for the legislative affairs of the County. They are also responsible for making appointments to various statutory and advisory boards and appointing the County Manager, County Attorney, Tax Administrator, and Clerk to the Board. The County Manager is the chief executive officer of the County and is responsible for the enforcement of all laws, ordinances, and policies, the efficient delivery of County services, and the preparation of capital and operating budgets. The County employs approximately 1,080 full-time, regular staff.

The County provides its citizens with a wide range of services, including sheriff and fire protection, solid waste management, health and social services, cultural and recreational activities, and general government administration, among others. In addition to the direct service provision provided, the County also extends significant financial support to other boards, agencies, and commissions. These include the Alamance-Burlington School System, Alamance Community College, Alamance County Tourism Development Authority, Alamance County Transportation Authority, and Burlington-Alamance Airport Authority.

County residents pride themselves on the quality of life they enjoy. Strong city centers, beautiful open spaces, a strong history dating back to the country's beginning, and a "small town" character all contribute to the high level of pride citizens have in their community. The County warmly welcomes visitors, new residents, and new businesses alike.

FY25-26 Budget Message

May 19, 2025

Honorable Alamance County Board of Commissioners:

I recommend to you a fiscally responsible budget for Fiscal Year 2025-2026 that is built upon transparency, accountability, and proactive budgeting. Our main goal has always been to keep property tax increases as low as possible. To do this, we have exhausted all of our one-time funding sources, and as of the FY23-24 audited financial statements, County Fund Balance fell below the County Policy level. We are facing a future of continued cuts to services if we do not take action now, especially if our revenue trends continue and we do not make full use of our property value capacity (see Table 1). To stay within our means while still providing services that our public demands, supporting our workforce, and addressing critical facility needs, the proposed plan includes incremental spending cuts and a modest property tax increase of 1.59 cents.

While our population is growing, the growth in our property values is not keeping pace. We anticipate only 2.9% growth in property tax valuations over FY24-25, just slightly higher than the current rate of inflation: 2% according to the April 2025 Consumer Price Index for the South Region of the U.S. Our independent fire districts in Alamance County have experienced the same minimal growth in valuation as the county as a whole and five of the twelve districts have requested property tax increases for FY25-26: Altamahaw-Ossipee, EM Holt, Faucette, and Northeast Alamance, and Snow Camp.

Slower sales tax growth, rising costs in vehicles, construction, and e-commerce, as well as the potential impacts of tariffs and a possible recession on the horizon, all increase pressure on county finances. Taxpayers in Alamance County will feel these challenges, which is why we must consider all options before raising the property tax rate. The recommended property tax rate is .485 per \$100 of value; this increase of 1.59 cents equates to an additional \$31.84 on the annual tax bill for a home valued at \$200,000. This new rate is significantly lower than other counties.

The Recommended Budget is built on smart development and data-driven decision-making. Positions are being repurposed to help with compliance and analysis, using performance measures to justify every role, and collaborating with community partners for efficiencies. By planning ahead and eliminating mid-year funding requests, we aim to make every decision clear, measured, and focused on sustaining the services that matter most.

Revenues

For Fiscal Year 25-26, significant analysis has gone into accurately projecting revenues and limiting spending. On the revenue side, we expect natural growth in property tax revenue of 3% and a small increase of about 0.34% (or roughly \$40,000) in fees from sales and services. While we are projecting strong investment earnings, this is likely the final year we will benefit from these as the pandemic relief funds that helped build our county fund balance will soon be spent. In the coming years, interest revenue from these investments will drop significantly. Meanwhile, revenues from public safety services like detainee telephone and commissary will decrease due to changes in policy at the state level. Emergency Medical Services (EMS) revenues will also decrease with the loss of convalescent transport to our franchised service partner.

Additional decreases in revenues include:

- Appropriated Fund Balance will be far lower this year—using only \$1 million compared to \$8 million previously—to rebuild a targeted reserve level of 20% of General Fund expenditures.
- Sales Tax Revenue is stabilizing with a leveled-off trend seen across the State. As more county residents become Medicaid users, the Medicaid Hold Harmless payments—which help those in need—will continue to decline, putting extra pressure on sales tax income.
- Restricted Intergovernmental Revenue (typically grants and funding from the federal and state government) will decrease due to trickle down impacts at those levels and the end of COVID-era funding.

The graphic below depicts the various funding sources for every dollar in the County Budget, which is consistent with the revenue breakdown in prior years.

Expenditures

Alamance County has struggled to recruit and retain its workforce in this competitive employment market. As we all face escalating costs for goods and services, we are striving to keep salaries relevant with the market and inflationary pressures while building a culture where employees can thrive. Essential repairs and regular maintenance on county and school facilities have also been a challenge as deferred maintenance has gotten costly. For far too long these two priorities: supporting a high-performing workforce through competitive pay; and maintaining county and school facilities, have taken a back seat to other needs. To prioritize these needs, spending reductions in other areas are necessary.

Continuous improvements in our budgeting process including zero-based budgeting, revamped performance measures for county programs and services, and starting in Fiscal Year 25-26, shifting our departments to program-level budgeting, all reflect our commitment for transparency and accountability. This new approach will give us a clearer picture of the true needs and costs of our services and help make sure our programs are funded in a sustainable way for the future.

Personnel

Like other governments as well as service industries, personnel costs remain Alamance County's largest expense, representing 40% of the total budget. As personnel costs have incrementally increased by 1.8% from last year, tough decisions have been made to support this change. For example, cost of living adjustments will decrease from 3% to 2%, while merit pay remains stable with a maximum increase of 3% for those highest performers in the organization. A hiring freeze will be implemented for non-public-safety, vacant positions moving into the new fiscal year, which will impact the

Geographic Information Systems (GIS), Human Resources, Information Technology, Inspections, Library, and Parks departments. Many departments have requested more staff to help improve long turnaround and wait times; manage growing caseloads and meet State staffing levels. For example, adding a Correctional Case Manager in Pre-Trial Services could help reduce current caseloads and shift more people away from the detention center, resulting in lower costs to taxpayers. Hiring two Environmental Health Specialists would not only bring the County closer to compliance with State staffing ratios but would also decrease wait times for food and lodging inspections, which are currently several months out and negatively impacting local business operations. A new Lieutenant for Digital Surveillance in the Sheriff's Office would prevent overworked staff from taking on the large project of creating policies for and monitoring new body-worn camera footage for both patrol and detention. Additional new positions in Evidence and Crime Scene Technology would have improved caseloads due to rising crime rates and increasing amounts of evidence collected at crime scenes. Unfortunately, none of these positions or the thirty or so others that were requested could be funded without a more significant

tax increase and more drastic cuts to services and spending.

Two new positions are recommended that are funded entirely without impacting the County General Fund: Dentist II (funded through dental revenues) and Human Services Planner (funded with Opioid Settlement Funds). A third new position (Assistant County Attorney) is also recommended to assist with a backlog in the County Attorney's office, which is negatively impacting departments' ability to conduct business. In addition, it is important to maintain Medicaid expansion-related positions for the time being, given the uncertainties in federal and state Medicaid funding. Lastly, three positions are proposed for elimination within the upcoming Fiscal Year: An Assistant County Manager position, a vacant Fire Inspector, and a vacant position in DSS, as cost reductions.

Operating and Programs

All departments have analyzed every line item in their budgets to find additional savings through a zero-based budgeting process this Fiscal Year. Departments built their budget requests from a starting point of \$0 and justified all funding requests with detailed calculations and descriptions regarding need.

Operating expenses will see an increase (about 5.3%) due mainly to the reclassification of certain program expenses. To help offset this increase and other demands on revenue, all departments will receive a 6% cut in contract services along with a 15% reduction in uniform replacements. We are also proposing to cut costs associated with printer and copier expenses an estimated 11% by finding efficiencies in shared equipment.

Outside agency funding is being consolidated and, in many cases, reduced as it will only be supported through occupancy tax revenue, aimed at attracting visitors to the county. Funding will not continue post-COVID for Family Abuse Services and Crossroads. Reductions to Alamance County Rescue, the Airport, and Economic Development Incentives funds are proposed.

Capital Outlay and Transfers to Other Funds

On the capital side, all large projects have been moved to a multi-year capital fund to ensure those funds are reserved for renovations and repairs. These will be supported mostly with one-time revenues in FY25-26. This isn't a sustainable funding model, but our only option due to the challenging revenue situation this coming year. Reductions to the Recommended Capital Improvement Plan and FY25-26 Capital Budget are proposed by canceling Phase II AO Ballfield improvements, reducing the emergency repairs contingency for maintenance of county facilities, and limiting vehicle replacements to ambulances unless additional revenue is available.

We must focus our capital efforts on preventing further deterioration of our county and school buildings rather than expanding space any further than we are already committed. The costs to perform preventative maintenance and repairs not only for our roofs and HVAC, but also structures are substantial and involve a continuous ongoing commitment.

Education

Finally, education funding remains level for both Alamance Community College (ACC) and Alamance-Burlington School System (ABSS) in FY25-26, with a deliberate shift of \$10 million from current expenses to the capital improvement plan. ABSS has many of the same issues with school buildings as the county and we have heard the plea at our monthly collaborative meetings with ABSS and ACC to more fully fund that need.

Another funding shift proposed is for School Resource Officers (SRO) for ABSS and Charter schools in the county to be funded directly in the Sheriff's Office budget rather than in the ABSS budget, which will artificially decrease the amount of funding in the current expense per pupil rate.

Overall, we estimate a small increase in the Average Daily Membership (ADM) for ABSS and Charter Schools, to which we are required to commit funding, of 312 additional students. All Local Education Agencies (or school districts) in the state of North Carolina are required to calculate the upcoming year ADM based on the prior year actual number of students, which is referred to as the "Best 1 of 2." ABSS and the County have agreed to use that calculation for per pupil funding as a part of our ongoing efforts to improve communication. With the recommended current expense funding level for ABSS of \$71.9M, the FY25-26 per pupil calculation would decrease from the prior year by \$471.98 to \$1,649.06.

ACC is conducting a facility needs assessment in FY24-25 and we anticipate the need for increasing the budget for large renovation and repairs in FY26-27. Funding for ACC will remain level until they have finished the assessment and are able to develop a funding plan.

In conclusion, this Recommended Budget strikes a balance among competing priorities. Difficult decisions were made as we struggle to provide high quality services, recruit and retain a high performing workforce, maintain aging facilities, adjust to increasing costs, and improve efficiencies in County Government, all the while minimizing any burden on our residents. No one wants to increase taxes; no one wants services and benefits taken away; no one wants to lay-off employees and add to the stress of families and unemployment. As we face these tough choices, we are committed to serving the community through transparency, accountability, and fiscal responsibility; we are prepared for the challenges ahead.

Respectfully submitted,

Section V. Levy of Taxes

There is hereby levied a tax at the rate of **49.4 cents** per one hundred dollars (\$100) valuation of property listed for taxes as of January 1, 2025, for the purpose of raising the revenue listed as “Current Year Property Taxes” as set forth in the foregoing estimates of revenues.

This rate of tax is based on an estimated total assessed valuation of **\$26,747,193,612** and an estimated collection rate of **99.18 percent** for County collections, and **100.00 percent** for State motor vehicle tax collections.

Section VI. Levy of Taxes - Fire Districts

There is hereby levied the following special district tax rates for County fire districts. These tax rates are levied per one hundred dollars (\$100) valuation of property listed for taxes as of January 1, 2025 for the purpose of raising the revenues set forth above in the Fire Districts Fund section.

Fire District	Tax Rate per \$100 Valuation	Total Assessed Valuation
54 East	0.0600	\$689,639,186
Altamahaw-Ossipee	0.1200	\$836,715,806
E.M. Holt	0.1092	\$1,296,503,344
East Alamance	0.0700	\$825,484,762
Eli Whitney/87S	0.0856	\$959,992,342
Elon	0.1000	\$439,935,885
Faucette	0.0900	\$810,485,673
Haw River	0.0918	\$384,983,286
North Central Alamance	0.0900	\$237,990,064
North Eastern Alamance	0.1000	\$742,735,837
Snow Camp	0.1000	\$884,725,095
Swepsonville	0.0600	\$1,637,858,564

These tax rates are based on an estimated total assessed valuation for each fire district as indicated and an estimated collection rate of **99.18 percent** for County collections, and **99.50 percent** for State motor vehicle tax collections.

Section VII. Fees

A. There is hereby established, for the fiscal year beginning July 1, 2025, and ending June 30, 2026, the following fees for services as indicated in the schedule at the end of this ordinance.

B. Inspection Fees

1. Permits Not Valid. No building, electrical, plumbing, mechanical, miscellaneous, or other permit issued by the Department of Inspections shall be valid unless all fees as prescribed by this ordinance shall have been paid to Alamance County.
2. Work Commenced Prior To Obtaining Permits. In all cases where building, construction, electrical, plumbing, mechanical or other work for which a permit is required is commenced before such permit is obtained, except where specific permission is granted to proceed by the Inspections Department, any permit fee due Alamance County for a permit for such work shall be twice the amount of the regular permit fee specified herein which would have been due had such permit been obtained prior to commencing work.
3. Non-transferable. Permit fees shall not be transferred from one permit to another. Permit fees are not refundable.

4. Time Limitation. All permits expire six months after the date of issuance if the authorized work has not commenced. After commencement of work, if work is discontinued for a period of twelve months, the permit expires. If no inspection has been requested within a twelve-month period, it shall be presumed that work has stopped and the permit has expired.
5. An extra trip or re-inspection fee will be assessed when the project is not ready for an inspection, recurring deficiencies exist, or inspection requests are not canceled on time.
6. Final inspections, Certificates of Completion and Certificates of Occupancy will not be issued until all outstanding fees are cleared by the Central Permitting Office.
7. Gas piping fees. When a fee is charged for gas-fired appliances, a separate gas-piping fee shall not be required as long as the gas-piping and appliance are ready for inspection at the same time. Appliance shall mean any gas connected appliance or any gas outlet provided for future appliance connection.
8. Notification of inspection results shall be keyed in the permitting system.
9. Installations not addressed by this fee schedule will be charged using a minimum fee and per inspection trip criteria.

Section VIII. Enhanced 911 System Surcharge

Effective January 1, 2008, the State of North Carolina charges a 911 service charge in the amount of fifty-five cents (55¢) on each prepaid wireless telecommunications service retail transaction occurring in the state. A retailer of prepaid wireless telecommunications service collects the 911 service charge for prepaid wireless telecommunications service from the consumer on each retail transaction. The 911 service charge for prepaid wireless telecommunications service is in addition to the sales tax imposed on the sale or recharge of prepaid telephone calling service.

Section IX. Budgetary Control - School System

General Statutes of the State of North Carolina provide for budgetary control measures to exist between a county and a public-school system. The statutes provide:

Per General Statute 115C-429

(c) he board of county commissioners shall have full authority to call for, and the board of education shall have the duty to make available to the board of county commissioners, upon request, all books, records, audit reports, and other information bearing on the financial operation of the local school administrative unit.

The Board of Commissioners hereby directs the following measures for budget administration and review:

That upon adoption, the Board of Education will supply to the Board of County Commissioners a detailed report of the budget, showing all appropriations by function and purpose, specifically to include funding increases and new program funding. The Board of Education will provide to the Board of County Commissioners a copy of the annual audit, quarterly financial reports, copies of all budget amendments showing disbursements and use of local monies granted to the Board of Education by the Board of Commissioners.

Section X. Personnel

Section XI. Authorization to Contract

The County Manager (or her designee, in her absence) is hereby authorized, as necessary, to execute the below types of agreements, contracts, amendments, or change orders, provided they comply with N.C. Gen. Stat. § 143-129 and N.C. Gen. Stat. § 159, and are within budgeted funds:

- A. To form grant agreements (where the County is grantor or grantee) with public and non-profit organizations;
- B. To formalize the purchase of real property authorized for purchase by the Board;
- C. To enter into real property lease agreements where the County is lessee;
- D. To enter into real property lease agreements where the County is lessor for terms of one year or less, or for periods of more than one year as directed by the Board;
- E. To lease personal property (such as normal and routine business equipment) where the annual lease amount is not more than \$100,000;
- F. To enter into service contracts, including information technology contracts as defined by N.C. Gen. Stat. § 143-129.8, where the annual compensation (or, where applicable, total compensation over the contract term) does not exceed \$100,000;
- G. To purchase apparatus, supplies, materials, or equipment where formal bids are not required by law;
- H. To enter into agreements to accept State, Federal, public, and non-profit organization grant funds, and funds from other governmental units for services to be rendered;
- I. To conduct construction or repair work where formal bids are not required by law;
- J. To obtain liability, health, life, disability, casualty, property, or other insurance or retention and faithful performance bonds (other than for Sheriff and Register of Deeds). Other appropriate County officials are also authorized to execute or approve such insurance and bond undertakings as provided by law;
- K. To execute extensions of Master Lease Agreements for personal property, including hardware, software, licensed products, computers, telephones, radios and other such assets when the renewal comes due within the effective period of this Budget Ordinance;
- L. To resolve a claim against the County, its elected officials, or employees, in which the payment of budgeted funds does not exceed \$200,000.00 and to resolve similar claims or disputes through non-monetary settlement agreements, provided such resolution is in the County's interest. The County Manager may also delegate authority to the County Attorney to independently undertake resolutions of this type which are less

than \$50,000.00;

-
- M. To delegate authority to enter into all necessary agreements to the Director of Public Health and the Director of Social Services to provide program benefits to the public and where the annual compensation (or where applicable, total compensation over the contract term) does not exceed \$100,000, provided that all requirements of N.C. Gen. Stat. § 143-129 and N.C. Gen. Stat. § 159 have been met;
-
- N. To enter into contracts not addressed more specifically above which are not required by law to receive Board approval (for example, memoranda of understanding and revenue contracts);
-
- O. To execute other contracts as directed by the Board of Commissioners.
-

The County Manager is authorized to approve and execute contracts via digital or electronic signature platforms. The County Manager, or her delegate, is also authorized to terminate any contract described in this section when such termination is in the County's best interest.

The County Manager is authorized to approve agreements containing standard indemnification, hold harmless, or liability allocation clauses, following review by the County Attorney.

In the event of an emergency or urgent operational need, the County Manager may enter into contracts exceeding the thresholds in subsections E, F, or I, provided that a declaration of emergency has been issued or ratified by the Chair or Board, as authorized by law and ordinance, and a report is submitted to the Board within 30 days.

At the Manager's discretion, any lease, contract, amendment, or change order described in this section may nevertheless be submitted to the Board for approval. Contracts, amendments, or change orders duly approved by the Board may be executed by the Board Chair, the Manager, or (in the Manager's absence) the Manager's designee. Board action approving a contract, amendment, or change order shall be deemed to authorize necessary budget amendments.

Section XII. Authorization to Award and Reject Bids, Micro-purchase Exemption, and to Accept and Dispose of Property

Pursuant to N.C. Gen. Stat. § 143-129, the County Manager, and/or her designee, is hereby authorized to award bids within the informal range in accordance with the following guidelines:

The bid is awarded to the lowest responsible bidder;

- A. Sufficient funding is available within the departmental budget;
- B. Purchase is consistent with the goals and/or outcomes of the department.

The County Manager and/or her designee shall further be authorized to reject any and/or all bids received if it is in the best interest of Alamance County.

Proposed projects where the amount does not exceed:

- A. \$30,000, for the purchase of "apparatus, supplies, materials, or equipment"; and
- B. \$30,000, for the purchase of "construction or repair work"; and
- C. \$50,000, for the purchase of services not subject to competitive bidding under North Carolina law; and
- D. \$50,000, for the purchase of services subject to the qualifications-based selection process in the Mini-Brooks Act;

are hereby exempted from the requirements of Article 3D of Chapter 143 of the General Statutes, in accordance with N.C. Gen. Stat. § 143-64.32. In addition, other particular projects may be exempted from the requirements of said Article 3D by the County Manager in a manner which states the reasons therefore, and the circumstances attendant thereto in each instance, as authorized by N.C. Gen. Stat. § 143-64.32.

The Manager is authorized to sell, lease, or otherwise dispose of any County personal property with a value of less

than \$30,000. The Manager is further authorized to accept gifts, in-kind services, personal property, real property, and monetary donations up to \$25,000 per donation to the extent permitted by and pursuant to N.C. Gen. Stats. §§ 159-15 and 153A-12.

Section XIII. Budget Policy for State and Federal Fund Decreases

It will be the policy of this Board that it will not absorb any reduction in State and Federal funds; that any decrease shall be absorbed in the budget of the agency by increasing other revenue sources, reducing personnel, or reducing departmental expenditures to stay within the County appropriation as authorized. This policy is extended to any agency that is funded by the County and receives State or Federal money. This shall remain in effect until otherwise changed or amended by the Board of Commissioners. The County Manager is hereby directed to indicate this to each of the agencies that may be involved.

Section XIV. Annual Financial Reports

All agencies receiving County funding in excess of \$5,000.00 annually shall provide its latest annual financial statements no later than December 31, 2025. The County Finance Officer is authorized to waive the due date when deemed appropriate. Payment of approved appropriations may be delayed pending receipt of this financial information. The County reserves the right to require an agency to have an audit performed for the fiscal year in which the funds are received.

Section XV. Budget Transfers

- A. Transfers Within Departments: The County Manager may authorize the transfer of line item appropriations between activities, objects and line items (including payroll line items) within departments. The County Manager may also delegate this authority to the County Budget Director for transfers of this type which are less than \$50,000.00 per transfer.
- B. Transfers Between Departments: Transfers of appropriations between departments in a fund and from contingency shall be approved by the Board of Commissioners or may be approved by the County Manager in conformance with the following guidelines:
 - 1. The County Manager finds that they are consistent with operational needs and any Board approved goals;
 - 2. Inter-departmental transfers do not exceed \$100,000 each;
 - 3. Transfers from Contingency appropriations do not exceed \$100,000 each, except this limit may be exceeded when the County Manager determines a bona fide emergency exists;
 - 4. All such transfers are reported to the Board of Commissioners no later than its next regular meeting following the date of the transfer.
- C. Transfers Between Funds: Transfers of appropriations between funds may be made only by the Board of Commissioners. Interfund transfers, as established in the budget ordinance and supporting documents, may be authorized by the County Manager.
- D. The Budget Officer is hereby authorized to amend the General Fund budget as requested by the Finance Officer, for fines and forfeiture expenditures and the Trust Fund for Department of Social Services guardianships expenditures. All such transfers shall be reported to the Board of Commissioners no later than its next regular meeting following the date of the transfer.
- E. The Manager's authority under this section does not authorize the Manager to add, or commit to add, new positions without Board approval.

**Section XVI. Purchase Orders**

The purchase amount requiring a purchase order shall be \$1,500.00.

Section XVII. Encumbrances

Operating funds encumbered by the County as of June 30, 2025, or otherwise designated, are hereby re-appropriated for this fiscal year.

Section XVIII. Effective Date

This budget ordinance shall be effective July 1, 2025.

**Section XIX. Copies of the Ordinance**

Copies of this budget ordinance shall be furnished to the Budget Officer, the Finance Officer, and the Clerk to the Board of Commissioners for their direction in the carrying out of their duties. A copy of this budget ordinance shall be maintained in the office of the Clerk to the Board and shall be made available for public inspection.

Board of Commissioners

Department Summary

The Governing Body budget unit represents the allocation of stipends and operating resources for Alamance County's five elected and appointed officials on the Board of Commissioners. All expenses associated with the support of the Board of Commissioners are spent in the Governing Body department, including technology and phones, training, travel, professional association subscriptions, and the bonding required by state statute. The Governing Body is situated atop the County government in the Alamance County organizational chart, but below the Citizens of Alamance County, to whom they are accountable. No expenditures in any given fiscal year may be made in absence or excess of what is allocated and approved by the Governing Body in the Budget Ordinance or any subsequent budget amendments.

Budget Highlights

The FY25-26 Adopted Budget includes:

Expenditures

The Department expenditure budget will increase by 73.5% in FY25-26 due to transferring 2 positions for the Clerk to the Commissioners Office from the County Manager's Office. Department operating expenses will increase related to the transfer of positions while partially offset by a decrease due to county-wide cuts to copier/printer funding and contract services.

County Manager

Department Summary

The County Manager's Office is the lead administrative department of Alamance County. The County Manager serves at the pleasure of the Governing Body and is responsible for the administrative execution of the Governing Body's priorities and policy preferences. As such, the County Manager works closely with all other County departments to communicate and facilitate those priorities. The North Carolina Local Government and Fiscal Control Act (LGBFCA) designates the County Manager as the legal Budget Official for the County, placing upon them the ultimate responsibility of meeting the requirements of the LGBFCA.

Budget Highlights

The FY25-26 Adopted Budget includes:

Expenditures

Decrease is due to re-assigning two positions from the County Managers Department to the Governing Body Department; with further decreases realized in other personnel costs reductions. Decrease in Operating Costs are due to county wide cuts in Contract Services (6%) and Copier/Printer costs (11%) contributing to a total reduction of 71% from FY24-25. Decrease in Other expenses is primarily due to reduction in Retiree Health Insurance Costs. In the 2025–2026 recommended budget, these costs will be expensed to the department from which the individual retired.

FY24-25 Accomplishments

- Completed a comprehensive review of two departments and implemented restructuring/rightsizing to increase efficiencies (Tax/IT).
- Addressed short and long term court space needs through addition of new courtroom, funding of new courthouse, and renovation of space for Public Defender's Office.
- In order to improve transparency and ensure data-driven capital allocations, completed a professional evaluation of roofing and HVAC for the all buildings maintained by Alamance County and Alamance-Burlington School System.

FY25-26 Initiatives

- Continue building the Alamance County Strategic Plan by partnering with the Alamance Chamber to define the long-term goals action steps of Alamance County within the "Smart Development" pillar, including economic development, land use regulation and conservation of our agricultural land and open space.
- In order to ensure Alamance County can attract and retain high-quality public servants, continue to refine our compensation policies by implementing Phase 3 of Market Study and beginning a compression study.
- Continue efforts to ensure Alamance County is providing high-quality, cost-effective services to the public by completing a comprehensive review of two departments and implementing corrective measures as necessary.

Horizon

- Continued Growth within the county and increases in demand on county services
- Continued Challenges in recruiting and retaining talent
- Navigating economic uncertainty and State/Federal funding being shifted to the county causing greater dependence on general fund

Budget Highlights

The FY25-26 Adopted Budget includes:

Expenditures:

The Planning Department expenditure budget will increase by 9.4% due to increases for employee merit pay and market study impacts. The increase is partially offset by countywide decreases to printer/copier costs and contract services.

Revenue:

The Department's revenue budget will increase by \$2,060 due to a projected increase in fee revenue.

FY24-25 Accomplishments

- Planning made significant strides toward updating current development ordinances and drafting requested ordinance changes without spending any money on outside consultants.
- Planning Department has kept total expenditures well within their budget limits for the 24/25 fiscal year.

FY25-26 Initiatives

- To complete ordinance changes and other requested land use policy proposals without hiring an outside consultant.
- To secure grant funding for a pedestrian transportation study of the village of Saxapahaw.
- To increase revenue through increased fees on development proposals from parties that typically reside outside of the county (i.e. cell towers; major subdivisions).

Horizon

- Code Enforcement - We are experiencing an increase in complaints over RV living, junk vehicles, and nuisance properties. This demand on staff time and resources may lead to increased salary figures and more maintenance on department vehicles.
- Temporary Residences - The increasingly common trend of living in recreational vehicles or mobile homes on a short term basis is leading to an increase in permitting for those uses and more staff time dedicated to it. However, there is no fee for such permitting and so we are unable to recoup the costs associated with such permitting.
- Environmental Code Compliance - The county is under increasing pressure to provide for in-house oversight of issues like sediment and erosion control and stormwater measures. If required to do so, this would cause a substantial increase in salary and certification expenditures.

Budget Highlights

The FY25-26 Adopted Budget includes:

Expenditures

Department total expenditures will increase by an overall of 8.3% due largely to increases in personnel expenses such as department vacancies and the compensation study. Operational expenses were reduced due to county-wide reductions in contracted services and copier/printer costs.

FY24-25 Accomplishments

- Began multi-year project to analyze and correct position data inaccuracies and inconsistencies in Munis.

FY25-26 Initiatives

- Enhance Recruitment and Retention
- Improve Employee Training and Development
- Optimize Compensation and Benefits

Horizon

- If the county moves forward with bi-weekly pay periods, extensive planning and budgeting needs to be implemented in order to achieve the change with minimum impact on employees and their budgets.
- New elected administrations can lead to new regulations for state and county requirements, HR must be ready to react as necessary.

Budget & Management

Department Summary

The Budget and Management Services Department represents the staff and operations associated with preparing, monitoring, analyzing, and amending the County budget according to the priorities and direction communicated by the Governing Body and County Manager. The Budget Department works with all other departments to organize, synthesize, and publish all budget documentation for the initial budget adoption and any later budget amendments. The Budget Department works with the County Manager to ensure compliance with the Local Government Budget and Fiscal Control Act (LGBFCA). In addition, the Budget Office produces various monthly and quarterly financial reports pertaining to revenues, expenditures, capital plan activity, and personnel expenditure lapse. The Budget Department also serves as a consultant resource to all departments to perform management analyses, program reviews, and assist with performance measurement.

Budget Highlights

The FY25-26 Adopted Budget includes:

Expenditures

Personnel expenditures will increase due to county-wide merit and cost of living increases. A reduction in operational expenditures will be achieved by delaying software upgrades until a further date and a further reduction of 6% (County Wide). These combined changes will contribute to a 4.9% increase in total expenditures.

FY24-25 Accomplishments

- BMS was awarded a Distinguished Budget Presentation Award by the Government Finance Officer Award for the FY24-25 Budget Document.
- BMS successfully implemented the Lomali Budget Book software to improve efficiency, consistency, and accuracy of the budget document.
- BMS is fully staffed after having 25-75% of positions vacant for the past three (3) fiscal years. One out of four staff are now a Certified Local Government Budget Officer and the remaining continue to pursue certification.

FY25-26 Initiatives

- BMS will assist the County Manager's Office with scoping and implementing Pillar 1 of the Strategic Plan.
- BMS will continue to roll-out project-based budgeting to all applicable departments in order to enhance accuracy of reporting.
- BMS will continue to roll-out automated budget transfers and amendments through Munis workflow to all departments. 10% of departments participated in a pilot to automate budget transfers and amendments in FY24-25 with strong results.

Horizon

- BMS will continue to find ways to automate reporting to allow more time and attention on analysis. An example of a future enhancement is to add a public-facing financial dashboard to the county website in an effort to improve transparency and accuracy.
- Proposed changes to federal funding will present future capacity issues for departments and will most likely negatively impact program/service provision.

Finance

Department Summary

The County's Finance department manages financial resources responsibly, following accounting principles and North Carolina state laws. It oversees audits, financial reports, payments, investments, and purchases.

Since 1991, the County has consistently earned the Government Finance Officers Association (GFOA) Certificate of Achievement for Excellence in Financial Reporting, recognizing its high-quality financial reporting. Additionally, since 2018, the County has received the GFOA Popular Annual Financial Reporting (PAFR) Award for creating accessible, engaging financial reports for the public.

These awards, given annually, demonstrate the County's dedication to transparency and accountability. The County continues to submit reports for recognition, including for Fiscal Year 2024.

Budget Highlights

The FY25-26 Adopted Budget includes:

Expenditures

Department expenditures will increase from FY 24-25 due to a non-permanent position being recommended and one position transferred from Human Resources to Finance to consolidate job duties. Operating costs will increase from FY24-25 due in part to the two new positions and cost increases in other areas offset by a 6% decrease in Contracted Services (countywide).

FY24-25 Accomplishments

- The Finance Office has implemented electronic payments for vendors. We intend to increase this number each year.
- Evaluation of internal controls and processes. The Finance Officer met with each department to discuss internal controls, their purpose and importance. Changes were implemented where needed. Fraud Prevention training was also held.
- Maintained eligibility for GFOA excellence award for the 33rd consecutive year.

FY25-26 Initiatives

- Explore and implement more electronic payments for vendors.
- Provide efficient and courteous service to residents, businesses, and other stakeholders.
- Maintain generally accepted accounting standards through evaluation of GASB statements and NC General Statutes.

Horizon

- Succession planning
- Evaluation and implementation of bi-weekly payroll

Budget Highlights

The FY25-26 Adopted Budget includes:

Expenditures:

The Tax Department expenditure budget will increase by 10% in FY25-26 due to merit pay, cost of living adjustment (COLA), market study impacts, and transferring retiree health costs to the department. The increase is partially offset by county-wide decreases to printer/copier costs, training, and contract services.

Revenue:

The Department's revenue budget will increase by \$4,500 due to expected increases in tax collection fee revenue.

FY24-25 Accomplishments

- Our internal AS400 software (One Tax) was moved from the outdated hardware to cloud-based storage.
- We are in the process of implementing a new tax data website (Avineon). The current tax data site vendor we have historically used was not providing the level of service needed, and the site was consistently experiencing issues.
- Processed 4,000 new splits (when a builder buys a large parcel of land and then splits it into separate lots for houses) and land combinations through our Land Records section, which in turn added 1,400 new construction parcels to the tax base.

FY25-26 Initiatives

- Launch the new tax data website for citizens to use, as well as a new more user-friendly tax department website.
- Onboard new Tax Administrator.
- Cross-train staff in their areas so there will be no loss in services to the citizens.

Horizon

- Revaluation transitioning from an eight-year cycle to a four-year cycle. Data collection is underway for the 2027 Revaluation. The biggest impact to the Revaluation budget will be felt starting in FY25-26 and continuing to FY26-27.
- FY27-28 - New vendor needed for CAMA (Computer Assisted Mass Appraisal) system (support will be expiring).

Tax - Revaluation

Department Summary

Revaluation is the mass appraisal of all property within an assessment jurisdiction to equalize assessed values. It is the process of valuing a group of properties as of a given date. Mass appraisal is done for property tax purposes, and the effective valuation date for all mass appraisals in NC is January 1st of the revaluation year. A revaluation uses common data, employing standardized methods, and conducting statistical tests to ensure uniformity and equity in the valuations.

GIS - Geographic Information Systems

Department Summary

The Geographical Information Systems (GIS) Department serves both the public and internal departments by utilizing maps, apps, and advanced technology to address spatial and mapping challenges while managing over 3.1 million data pieces. Its goal is to meet mapping needs for local, state, and federal levels of government. The Alamance County GIS websites offer public access to GIS mapping and tax data, used by thousands weekly. The department creates and maintains GIS and GPS layers for both public and government use. It manages software on a centralized server, securely storing and sharing all GIS data. GIS also serves as an internal consultant on the use of GIS and GPS units and software, particularly as the county transitions to ArcGIS Pro, the latest software version.

Budget Highlights

The FY25-26 Adopted Budget includes:

Expenditure:

Department expenditures budget will increase by .1%. Increases include merit pay, cost of living adjustment (COLA), and market study impacts. Decreases include county-wide decreases to print/copier costs, training, and contract services.

Revenue:

The revenue budget is increasing by \$56,000 due to the new 911 Board formula to allocate reimbursement for 911 addressing services.

FY24-25 Accomplishments

- Completed tax building sketches which saved the county \$52,000 per year plus another \$14,000 for script development.
- Developed Tax Photo Collection Survey 123 which is a more efficient and cost-effective way for Tax Appraisers to collect property photos.
- Enterprise Upgrade to 11.3, upgrading to latest ESRI (Environmental Systems Research Institute) version. 911 Implemental Addressing Function cost went from \$30K to \$86,500 with detailed accurate reporting to the 911 Board.

FY25-26 Initiatives

- To share processes, collaborate on training software versions, and become more efficient in our interactions, GIS will coordinate a countywide GIS/Planning collaboration summit.
- To stay current on GIS training and practices, staff will maintain a minimum yearly GISP (Geographic Information Systems Professional) Continuing Education Credits for GISP renewal or credits toward the initial certification for each employee.
- To increase Public Safety, GIS will resolve NG911 (Next Generation 911) critical geospatial errors to maintain the required 98% accuracy within the allotted time frame.

Horizon

- ESRI's (Environmental Systems Research Institute) licensing model changes will result in no more concurrent use/sharing licenses. We will need more licenses for servers, GIS currently uses one Pro license across multiple servers. ArcMap will go end of life on March 2026. Will need ESRI Monitor eventually. Tax will get a new CAMA (Computer-Assisted Mass Appraisal) software, and all data automation from Tax will need to be updated.
- Environmental Health needs to upgrade from 8 Basic to 8 Standard licenses at a cost of approximately \$2,200 per license.
- Hexagon 911 implementation. It may be cheaper and better to get ESRI ELA, ELA Price \$180,400 (Unlimited Licensing) vs. \$289,179 GIS & Hexagon = \$108,779 cost savings if we get the ESRI ELA. ESRI can ramp it over 3 yrs. \$108,240--> \$144,340 --> \$180,400

Budget Highlights

The FY25-26 Adopted Budget includes:

Expenditures

The County Attorney's Office expenditure budget will increase by 14.1% in FY25-26 due to adding 1.0 FTE, merit pay, cost of living adjustment (COLA), market study impacts, and transferring retiree health costs to the department. The increase is partially offset by county-wide decreases to printer/copier costs, training, and contract services.

Revenue

The County Attorney's Office revenue budget will decrease by 71.4% in FY25-26 due to aligning the budget with actual figures from previous years.

FY24-25 Accomplishments

- Creation of template and intake form that automates requests for contracts for simple goods and services.
- Decreased the amount of incoming litigation through legal counseling with departments at highest risk.
- Increased number of department consultations, thereby decreasing the usage of outside counsel for non-litigation needs.

FY25-26 Initiatives

- Creation of template and intake form that automates requests for contracts for independent contractors.
- Increase residential compliance to health and safety codes (environmental, planning, etc.) through inter-departmental efforts, using legal recourse as the last option.
- Significantly advance the General Code project that will codify the County ordinances.

Horizon

- We may, with the cooperation of the County Clerk, need to incur the cost of implementing a public records management system.

Board of Elections

Department Summary

The Alamance County Board of Elections (BOE) ensures fair and impartial elections, adhering to federal and state laws. Governed by a five-member board, it maintains voter registration records, audits campaign finance, and trains election officials per NCGS 163 guidelines. Early voting sites require officials to work 15 consecutive days. Leading up to elections, the BOE updates training materials, precinct supplies, and signage. It processes absentee ballot requests and manages voter registration surges. Election equipment undergoes bipartisan testing for accuracy. The BOE also updates its website and social media regularly. As election day approaches, the workload intensifies, requiring temporary staff to handle inquiries and assist permanent employees, ensuring a smooth electoral process.

Positions	6.00	6.00	6.00	6.00	6.00	-

Budget Highlights

The FY25-26 Adopted Budget includes:

Expenditures

Department expenditures will increase by 5.5% due largely to contracted services in operational costs. These increases are slightly offset because overall contracted services were cut from the requested amount by 6% combined with an 11% decrease in Printer/Copier costs county wide, and a reduction in Non-Permanent Salaries.

Revenues

Department revenues will decrease by 100% due to the election cycle and potential for no

stand-alone municipal elections in FY25-26.

FY24-25 Accomplishments

- The BOE successfully organized, managed and executed the 2024 Presidential election, hiring and training over 800 precinct workers.
- List maintenance is completed weekly as required by N.C. Statue, resulting in current voter registrations.
- Implemented Photo ID requirements for the first time since 2016 in a Presidential Election.

FY25-26 Initiatives

- BOE will continue to perform weekly list maintenance on voter registrations, which include processing new voter registrations, updating existing registrations, death list, felon list, National Change of Address (NCOA) and biennial list maintenance.
- BOE will continue to perform 100% Logic & Accuracy testing and voting equipment calibration on all voting equipment used in an election.
- The BOE will meet with surrounding counties of like size and voter registration size and counties that use the same voting equipment to review/assess different processes for counting absentee ballots on Election Day for more timely reporting on Election night.

Horizon

- Whereas we had one large election to budget for in 24/25, we will need to budget for 4 elections (of smaller size than 2024) in 25/26.
- With the changes to election laws found in SL 2024-57 (SB382), concerning the time in which Absentees and Provisionals must be counted, will require our office to hire more temporary office staff than in prior elections.

Performance Management Goals

Goals	FY22-23 Actual	FY23-24 Actual	FY24-25 Adopted	FY24-25 Projected	FY25-26 Estimated
Goal 1: To decrease wait times at Early Voting Sites during State and Federal Elections from the start of Early Voting through the last day by increasing the wait time app usage by voters.					
Objective 1: Increasing public awareness of the wait time app available through increasing social media posts on Facebook, X, Instagram and the BOE and County websites. Placing wait time posters throughout County office buildings and libraries and placing a wait time information board at an hour wait point in the Early Voting lines with a wait time app link to check other locations.

Register of Deeds

Department Summary

The Register of Deeds is the custodian and manager of a large number of public records. The public records archived in our office include real estate transactions, birth and death certificates, marriage licenses, notary public oaths, and more. This office also issues marriage licenses and handles notary commissions and military discharge recordings. The Register of Deeds provides certified copies of recorded documents including birth and death records. The Alamance County Register of Deeds, as a special service to the people of Alamance County, also issues passports. Our primary mission is to record, preserve, and provide access to these records in the most efficient manner possible.

Positions	11.50	11.50	11.63	11.50	11.50	-

Budget Highlights

The FY25-26 Adopted Budget includes:

Expenditures

The Department expenditure budget will decrease by 1.4% in FY25-26 due to efficiencies made in operating costs, which have decreased its overall budget.

Revenue

The Department revenue budget will increase by 8.2% in FY25-26 due to small increases in fees and offset by a slight decrease in Real Property Transfer Tax due to a slowdown in the housing market.

FY24-25 Accomplishments

- Vital Records Project - used Kofile to preserve loose Marriage licenses documents from 1877-1897. They were deacidified, encapsulated in plastic sleeves and bound in books.
- Book Vault Project - A self-service poster board was created for citizens to use our software system.
- Real Estate Re-Index Project - Cott, Inc. records management took the Historic documents (online index) from 1958-1972 to be included in Cott, Inc.'s Resolution 3 application for easier searching capabilities. Cott, Inc. re-typed the index as part of the project.

FY25-26 Initiatives

- Vital Records Project will use Kofile software to preserve Marriage Licenses from 1898-1910 (Reels 3 & 4) Kofile will deacidify, encapsulate and bind new books from loose documents stored in a folder.
- Book Vault Project - Create a Self-Service Poster using RecordHub software. A software program provided by Cott, Inc. for the citizens of Alamance County to register for fraudulent alerts on their property.
- Storage Project - Replace the free standing book cases along the wall with a rolling book case to provide more storage in the same amount of space.

Horizon

- According to IT, we may be going from leased equipment to having to purchase equipment. Initial purchasing costs, repair costs, and equipment supplies costs, such as ink or specific paper. We are now budgeted for leased equipment only.
- Our building is getting smaller and our storage needs are continually growing. We will need to reevaluate the how and where so we can create better storage for Vital records books.
- Security is becoming an issue, more so in recent years. In the near future, we will need to explore ideas of something that provides more security such as cameras.

Budget Highlights

The FY25-26 Adopted Budget includes:

Expenditures

The Facilities Management expenditure budget will decrease by 39.7% in FY25-26 due to county-wide decrease to uniform replacements, printer/copier costs, and contracted services, and the removal of all Capital Improvement Plan (CIP) related costs. The decrease is partially offset by merit pay, cost of living adjustment (COLA), market study impacts, and transferring retiree health costs to the department.

FY24-25 Accomplishments

- The Facilities and Maintenance Department has successfully completed substantial projects with a small team, demonstrating both timeliness and efficiency. We have achieved our objective of decreasing work order completion times. Furthermore, the team has navigated departmental changes with professionalism.

FY25-26 Initiatives

- Monitor expenditures and modify spending habits within a specified financial framework to achieve budgetary objectives.
- Enhance and execute standard operating procedures, ensuring that projections are finalized punctually and within or below budget constraints.
- Enhance safety in the workplace.

Horizon

- New park and property acquisition (for public view, to be presented to commissioners): Establishment of a new Development Services Center; renovations to the Emergency Management building and the addition of JB Allen.
- The rise in foot traffic and personnel usage within county facilities leads to an increase in maintenance expenditures.
- Planning for buildings that are aging and will need both planned & unplanned maintenance.

Budget Highlights

The FY25-26 Adopted Budget includes:

Expenditures:

The Information Technology department expenditure budget will decrease by 1.1% in FY25-26 due to county-wide decreases to printer/copier costs, training, and contracted services. The planned purchase of computers has been removed and reallocated to the Capital Improvement Plan (CIP). The decrease is partially offset by merit pay, cost of living adjustment (COLA), market study impacts, and transferring retiree health costs to the department.

Revenue:

The information technology department revenue budget will increase by 25.0% in FY25-26 due to aligning the print shop budget with actual figures from previous years.

FY24-25 Accomplishments

- A new cybersecurity Security Operations Center (SOC) has been implemented, aimed at providing extensive protection for endpoints, cloud environments, and data. This integrated platform supersedes two distinct software solutions, allowing personnel to focus on additional priorities while realizing cost efficiencies.
- Transitioned effectively from an on-premises Microsoft Office solution to Microsoft 365, facilitating uninterrupted access to the Office suite from any device, at any time, and from any location. This enhancement improves flexibility, collaboration, and productivity for all staff members.
- Enhanced the CAD server and software to facilitate advanced mapping functionalities, greatly improving officer safety and situational awareness.

FY25-26 Initiatives

- IT plans to upgrade the storage area network to address security vulnerabilities and meet the county's growing storage needs. This initiative will ensure the Department can replicate data and establish a reliable backup system, enabling recovery from potential cyber incidents and ensuring operational continuity.
- IT intends to update all endpoint operating systems to bolster security and maintain adherence to the most recent standards. This forward-thinking initiative aims to safeguard systems from new threats while enhancing overall operational efficiency.

Horizon

- Additional funds will be required for equipment as the transition shifts from leasing to purchasing.
- As a result of rising costs associated with tariffs on technical equipment, it will be necessary to allocate additional funds to guarantee the ongoing acquisition and upkeep of vital IT resources.

Sheriff

Department Summary

The Alamance County Sheriff's Office (ACSO) provides law enforcement services and protection, secures courts and serves both criminal and civil process papers, and operates the jail facility. It also provides custody, security, care, feeding, and medical welfare of inmates, as well as provides animal control services.

In addition, ACSO operates the ICE Program, which houses Immigration and Customs Enforcement detainees and transports detainees to other facilities as requested by Immigration and Customs Enforcement officers. This program is entirely self-supported with revenues collected through the contract between Alamance County and the Federal Government.

ACSO also employs School Resource Officers (SRO), which provide law enforcement services and protection in the non-municipal schools and Clover Garden School.

Budget Highlights

The FY25-26 Adopted Budget includes:

Expenditures

The Sheriff's division expenditure budget will increase 12.2% in FY25-26 due to increases for

employee merit pay, market study impacts, and transferring retiree health costs to the department. The increase is partially offset by county-wide decreases to uniform replacement, printer/copier costs, and contract services.

Revenue

The Sheriff's division revenue budget will decrease 3.5% in FY25-26 due to a reduction in fees received based on trends from prior fiscal years.

FY24-25 Accomplishments

- The Alamance County Sheriff's Office was able to hire a significant number of new employees with the implementation of a \$10,000 dollar Hard-to-Fill Contract. There were a total of 46 new hires in 2024. Twenty-seven of these were hired after July 1, 2024 when the hiring bonus was implemented.
- The Alamance County Sheriff's Office worked in conjunction with Human Resources to review position pay grades in relation to the Market Study. This allowed the agency to remain competitive with other law enforcement agencies in the surrounding area.
- The Alamance County Sheriff's Office continues to work with the community to obtain any valuable insight on law enforcement policies and procedures. The Citizen Advisory Board has continued to be an important partnership that brings attention to both agency and community concerns.

FY25-26 Initiatives

- For Goal #3, the Alamance County Sheriff's Office will accelerate this goal by developing and implementing a budgetary review process to ensure that all budget requests and expenditures are directly aligned with the agency's operational needs and strategic goals. ACSO will allocate dedicated personnel and time to the budgetary review process and establish clear guidelines for budget requests and justifications. This will entail working with the agency's assigned budget analyst to examine spending trends, review future budget forecasts, scheduling at least one budget meeting with the budget analyst per quarter, and seek training on current budgetary practices. The goal is to increase budget efficiency by 15% over the next fiscal year.
- For Goal #4, the Alamance County Sheriff's Office will identify long-term staffing solutions by conducting a needs assessment and developing a strategic plan within the next 12 months. Additionally, ACSO will attempt to recruit at least 15 new hires (reducing staffing shortages by 36%) through virtual interviews, in-person events, hiring events, and social media campaigns within the next 12 months. The agency will work diligently to ensure each applicant/new hire meets the criteria for the North Carolina Sheriff's Education and Standards Commission standard. There is a current shortage of 42 positions.
- Over the next 12 months, the Alamance County Sheriff's Office will provide comprehensive training to at least 75% of its officers and civilian employees to enhance skill sets and ensure

compliance with best practices. This will be achieved by hosting at least 4 in-house training sessions and ensuring that all personnel complete at least 4 hours of training within the year. As the agency continues to hire new staff, it is equally important to focus on quality training. This may increase the overall cost of training for the next fiscal budget year. Additionally, ACSO will conduct biannual surveys to assess training needs and adjust the training programs accordingly.

Horizon

- As the influx of new businesses and residential communities continues, the Patrol Division may need to expand the number of Deputies within each District. The Alamance County Sheriff's Office currently has six districts.
- The transition to the new CAD/RMS system would require re-training of staff on new software and processes associated with the new system.
- As the Alamance County Sheriff's Office continues to hire new employees, more time will need to be placed on employee retention and in-housing training. This will significantly impact the agency as the longevity and growth of employees remains a top priority.

Performance Management Goals

Goals	FY22-23 Actual	FY23-24 Actual	FY24-25 Adopted	FY24-25 Projected	FY25-26 Estimated
Goal 1: ACSO is committed to ensuring Alamance County is safe through resolving crimes					
Objective 1: The purpose of this objective is to improve the efficiency and effectiveness of the Alamance County Sheriff's Office (ACSO) in the prosecution of criminal cases. ACSO strives to display its commitment to resolving additional cases and ensuring justice for the communities of Alamance County by surpassing or meeting the State clearance rates in six or more of the eight reporting areas. The Sheriff's Office will conduct analysis of clearance rates over multiple years to identify long-term improvements or declines.					
Output Measure: % clearance rate in at least six UCR reporting categories per fiscal year	75%	75%	75%	75%	75%
Outcome Measure: % increase in UCR clearance rate over prior year to show improvement in efficiency and effectiveness	75%	75%	86%	88%	90%

Goals	FY22-23 Actual	FY23-24 Actual	FY24-25 Adopted	FY24-25 Projected	FY25-26 Estimated
Goal 2: ACSO will increase transparency in the services provided to the community					
Objective 2: The primary objectives of this goal are to ensure transparency and accountability within the Alamance County Sheriff's Office (ACSO). By undertaking specific actions, such as publishing quarterly reports and collaborating with the Citizens' Public Safety Review Advisory Board, the Sheriff's Office can ensure that the public has access to information.

Budget Highlights

The FY25-26 Adopted Budget includes:

Expenditures

The School Resource Officer (SRO) division of the Sheriff's Office expenditure budget will increase by 5.8% in FY25-26 due to increases for employee merit pay, market study impacts, and transferring retiree health costs to the department. This increase is partially offset by county-wide decreases to uniform replacements.

Revenue

The SRO division revenue budget will decrease by 100% in FY25-26 due to a change in the way SRO support to Alamance-Burlington School System (ABSS) is entered in the county's financial system. SROs will be provided to ABSS at the same level as previous years but the revenue paid to the county from ABSS for SROs will be shown in the ABSS department budget.

Budget Highlights

The FY25-26 Adopted Budget includes:

Expenditures

The Detention division of the Sheriff's Office expenditure budget will increase by 7.7% in FY25-26 due to increases for employee merit pay, market study, impacts, and transferring retiree health costs to the department. This increase is partially offset by county-wide decreases to uniform replacements and contract services. The department has also found efficiencies in other operations costs, which decreased the budget further.

Revenue

The Detention division revenue budget will decrease by 14% in FY25-26 due to a change in the way the state of North Carolina records detention center pay phone commissions and an anticipated reduction in other fees collected.

Budget Highlights

The FY25-26 Adopted Budget includes:

Expenditures:

The Fire Marshal's office expenditure budget will decrease by 7.4% in FY25-26. Decreases include eliminating 1.0 FTE and county-wide decreases to printer/copier costs, training, and contract services. Increases include merit pay, cost of living adjustment (COLA), market study impacts, and transferring retiree health costs to the department.

Revenue:

The Department's revenue budget will increase by \$8,000 due to adjusting budget to be in line with recent year's actuals for increased fee revenue.

FY24-25 Accomplishments

- Saved monies this year through wages. We had an employee accept employment in a neighboring county. We were able to hire a part time Fire Investigator that is only on call instead of a full time employee. This hire saved the county a considerable amount of money as a full time salary along with a benefit package was saved.
- Successfully changed over from paper inspection forms to iPads in the field to better serve the different businesses and offer a more uniform inspection form that can be emailed to them once the inspection is complete.

FY25-26 Initiatives

- Continue to utilize our ESO records management program by adding the incidents module. This will allow us to view the CAD in the field as EMS and the Sheriff's Department has the capability to do.
- Continue to operate our department utilizing the part-time Fire Investigator as long as we can continue to
- conduct the State-mandated inspections that are set forth by the State of North Carolina.
- Track the number of times the Air truck is used throughout the County on a monthly basis.

Horizon

- Replacing another fire inspector vehicle in approximately 5 years.
- We may have to hire another Fire Inspector/Investigator if the County continues to grow to replace the full-time position we lost this year. We are currently utilizing a part time employee to assist us.

Budget Highlights

The FY25-26 Adopted Budget includes:

Expenditure:

The Emergency Management expenditure budget will decrease by 4%. Increases include merit pay, cost of living adjustment (COLA), and market study impacts. Decreases include county-wide cuts to contract services and uniform budgets as well as budgeting grants into the multi-year grant fund.

Revenue:

The Department's revenue budget is decreasing from the general fund by \$55,780 due to moving grant funding to the multi-year grant fund.

FY24-25 Accomplishments

- Emergency Management along with county stakeholders, completed an Integrated Preparedness Plan alongside county responders and stakeholders. This plan is a five-year plan that sets Training, Exercise, and Plan writing initiatives based on community hazards and response capabilities. This plan was put together with the help of twenty-two stakeholder departments.
- Achieved a contract for Hazardous Material Cleanup in case a responsible party was refusing to pay, or no known responsible party was located. Funding source for this is SARA (Superfund Amendments and Reauthorization Act) dedicated funds.
- This year, Emergency Management completed a county-wide COOP (Continuity of Operations) Plan update for county departments.

FY25-26 Initiatives

- Complete update of Emergency Operations Plan including the Emergency Operations Center (EOC) standard operating procedures.
- Gain additional funding for New Emergency Operations Center via grant opportunities.
- Complete Emergency Operations Center refresher training to include functional exercise for EOC representatives.

Horizon

- The requesting of adding a full time EM planner position within the next five years due to growth.
- Implementation of a countywide software that will allow for effective incident management, resource tracking, and situational awareness during complex incidents within the county.

Emergency Management - SARA Management

Department Summary

The current Local Emergency Planning Committee was established in Alamance County subsequent to the 1986 Superfund Amendment and Reauthorization Act (SARA) to respond to the need for communities to know more about chemical hazards in Alamance County and to develop specific local response plans for Alamance County. This committee consists of representatives from industry, interested community members, government officials, and individuals from specific agencies who ensure that Alamance County has the planning and resource capabilities for Chemical Emergencies. The primary responsibility is to protect the public health and the environment from chemical hazards by continually identifying facilities that manufacture, process, or store these materials in Alamance County. This responsibility extends to informing and educating the public about methods it can use to protect itself and to assist governmental agencies to become better prepared to meet possible emergency events caused by these hazardous materials.

Budget Highlights

The FY25-26 Adopted Budget includes:

Expenditures

The Department expenditure budget will increase by 8.4% in FY25-26 due to increases for employee merit pay, market study impacts, overtime, non-permanent salaries, transferring retiree health costs to the department, and medical supplies. This increase is partially offset by county-wide decreases to uniform replacements, copier/printer costs, and contract services.

Revenue

The Department revenue budget will decrease by 4.2% in FY25-26 due to the anticipated loss of fee revenue related to convalescent transport, which was franchised out to other vendors in FY24-25. The department will also realize a loss in revenue due to the ending of the Community Paramedicine

program partnership with Cone Health.

FY24-25 Accomplishments

- EMS was awarded the 2024 Mission Lifeline EMS Gold Achievement. This is a national award presented for excellent heart attack and stroke care.
- EMS was able to franchise with a non-emergency transport provider to handle all convalescent transports in Alamance County. This allows EMS to focus on responding to 911 calls for service more efficiently while ensuring convalescent transports are handled by the franchised provider.
- EMS providers continue to maintain survival rates of around 30% for witnessed cardiac arrest patients that have shockable rhythms upon EMS arrival.

FY25-26 Initiatives

- EMS will work with Alamance Community College to successfully implement the county's first in house Paramedic Academy.
- EMS will work toward and apply for the Mission: Lifeline EMS Recognition for providing excellent STEMI (ST-Segment Elevation Myocardial Infarction) Care.
- EMS will provide community outreach through community Cardiopulmonary resuscitation (CPR) training at a minimum of five events.

Horizon

- The county's growing population will require the addition of a fourth ambulance base in the greater Mebane Area to better serve the citizens in eastern Alamance County.
- With a growing staff related to adding bases/ambulances to the service, it will be important to also increase supervisory and support staff.
- EMS continues to see long lead times and increasing prices with many medical supplies and vehicles. Should this trend continue, EMS will need to budget more in the future for these items leading to higher budget requests.

Budget Highlights

The FY25-26 Adopted Budget includes:

Expenditures:

The Inspections Department expenditure budget will increase by 9.3% in FY25-26 due to merit pay, cost of living adjustment (COLA), market study impacts, and transferring retiree health costs to the department. The increase is partially offset by county-wide decreases to printer/copier costs.

Revenue:

The Department's revenue budget will increase by \$88,000 due to projected increases in received fees.

FY24-25 Accomplishments

- Revenue expected to exceed +\$100K original projection.
- Decreased the expenses on contract services (plan review and Level III inspections).

FY25-26 Initiatives

- Implement new permitting software or enhance the current system to better streamline processes for clients.
- Respond to inspection requests within 2 business days as prescribed by NC General Statute.
- Continue to have Inspectors achieve additional certifications in all trades.

Horizon

- New permitting software.
- With expected growth in the forecast, hiring additional field inspectors or plan reviewers could be a major impact.

Central Communications

Department Summary

County Telecommunicators are extensively trained to provide critical life-saving guidance. They fulfill a dual function by handling both emergency and non-emergency calls while simultaneously dispatching emergency responders. The personnel at the center are required to uphold all state and national certifications, which necessitate a specified amount of annual training, along with additional preparation for emergencies. Beyond our daily responsibilities, we actively contribute to the community through a holiday gift drive. Throughout the year, we participate in various career days and offer tours of the Center to promote public awareness. The role of Alamance County Telecommunicators is highly demanding; they frequently manage numerous calls, navigate stressful situations, and must maintain composure and promptness in life-threatening scenarios.

Budget Highlights

The FY25-26 Adopted Budget includes:

Expenditures

The Central Communications department expenditure budget will increase by 2.6% in FY25-26 due to merit pay, cost of living adjustment (COLA), market study impacts, and transferring retiree health costs to the department. The increase is partially offset by county-wide decreases to uniform replacements, printer/copier costs, training, and contract services.

Revenue

The Central Communications department revenue budget will decrease in FY25-26 due to projected costs associated with communication charges.

FY24-25 Accomplishments

- Obtaining a grant of 6.1 million dollars from the State 911 Board for the 911 center located in the newly constructed Alamance County Emergency Services Building.
- Ensuring that the average response rates for Emergency 911 lines exceed 95% and for Non-emergency lines surpass 90% as mandated by state requirements.
- Given our present staffing capacity, we are able to deploy personnel to support the Telecommunicator position in Western North Carolina.

FY25-26 Initiatives

- Review and update of the 911 center policy to ensure consistency, enhance clarity of understanding, and facilitate easier navigation.
- Maintain the response to Emergency and Non-Emergency calls in accordance with standards that exceed the requirements set by the State 911 Boards.
- Work in partnership with county and city first responder organizations to assess and choose an upgraded county-wide Computer-Aided Dispatch (CAD) system, and make preparations for the transition to the new co-located 911 center.

Horizon

- Relocation of Alamance County 911 to the new Emergency Services Facility; Implementation of a county-wide CAD/RMS and JMS system.
- Reduction in State 911 funding for the fiscal year 2024-2025 will lead to a decrease in Alamance County's five-year rolling average and annual funding allocated for 911 eligible expenses.

Economic Development

Department Summary

The Economic Development budget unit represents the expenditures associated with existing or forthcoming agreements to promote economic activity in Alamance County. A portion of these expenditures are direct economic incentive payments, determined by previously approved agreements, to corporations that have chosen Alamance County as home to their operations. When the company meets the terms of the agreement involving capital investments that improve property values and provide a certain number of jobs, they are eligible to receive the economic incentive payment. Other expenditures in this budget unit include financial support to non-county institutions that promote economic activity and expansion, including the Alamance Chamber of Commerce.

Cooperative Extension

Department Summary

Alamance County Cooperative Extension extends research-based knowledge from our university to all citizens in Alamance County, helping them transform science into everyday solutions that improve their lives and grow our County. We provide educational programming in the areas of agricultural field crops, livestock, commercial and consumer horticulture, family consumer science, and 4-H youth development. Extension innovates products and practices that grow our County's \$42+ million ag industry, connecting farmers with research-based information they need. We help people make healthier decisions, lower their risk of chronic disease and live better lives through education in nutrition, food safety, local foods and more. Extension's 4-H program equips thousands of youth with the confidence and skills to succeed tomorrow by meeting them where they are today.

Budget Highlights

The FY25-26 Adopted Budget includes:

Expenditures

The Cooperative Extension expenditure budget will increase by 27.5% in FY25-26 due to merit pay, cost of living adjustment (COLA), aligning employee benefits, and transferring retiree health costs to the department. The increase is partially offset by county-wide decreases to printer/copier costs and training.

Revenue

The Cooperative Extension revenue budget will increase in FY25-26 due to aligning the budget for programs with actual figures from previous years.

FY24-25 Accomplishments

- We have expanded our engagement with young people in the county, growing from 202 participants in 4-H Clubs in 2022 to 387 participants in 2024. Additionally, we have connected with more than 2,000 youth through various agricultural initiatives, including the 4-H Embryology program and the Farm to Table program.
- We have been awarded our inaugural Golden Leaf Grant amounting to \$300,000 for a project focused on the sustainability of extension and research in field crops.
- We have provided training to more than 45 farmers in the area of local food production, including 20 individuals who are newly engaged in agricultural product production.

FY25-26 Initiatives

- Through the EFNEP program, we aim to engage a broader audience in food preparation and preservation while enhancing clients' skills to manage their food budgets more effectively.
- Create a Homesteading Workshop that will cover subjects such as cultivating fruits and vegetables, as well as raising different types of livestock for sustenance. Participants will also learn to formulate a food preservation strategy and gain insights into the proper storage methods for both short-term and long-term food supplies.
- Enhance the local foods program to make it more robust and sustainable. Expand the number of growers within the county and fortify the markets throughout the region. Establish a more effective network of food distribution organizations, including SAFE, food hubs, and various other markets.

Horizon

- NC State Extension is currently experiencing a "Hiring Pause," which commenced on February 14, 2025. As a result, we will need to manage without new Field Crops and 4-H Extension Agent positions for the upcoming months. The timeline for resuming hiring remains uncertain.
- Two proposals for the future: Allocate half of the salary for our EFNEP Program Assistant to strengthen her role within the County, and recruit a County 4-H Program Assistant to enhance the 4-H program. Many neighboring counties employ 4-H Program Assistants to support their youth programming initiatives.
- The members of our Extension Advisory Council are diligently working on creating a strategic plan for the next five to ten years to establish an Agriculture and Natural Resources Building in Alamance County.

Soil Conservation

Department Summary

The Alamance Soil and Water Conservation District Board, as a governmental entity within the state, implements a thorough natural resource management program in Alamance County. This District operates without regulatory authority, focusing instead on offering information and technical support to farmers and landowners for the effective stewardship of their natural resources. Upon request, the staff assists with conservation planning, as well as the basic design, layout, and installation of Best Management Practices on agricultural land. Additionally, technical support is provided to urban residents facing soil and water drainage challenges on their properties. The District also organizes and promotes educational initiatives for both youth and adults and oversees the administration of the Farmland Preservation Program.

Budget Highlights

The FY25-26 Adopted Budget includes:

Expenditures

The Soil Conservation department expenditure budget will increase by 19.3% in FY25-26 due to merit pay, cost of living adjustment (COLA), market study impacts, transferring retiree health costs to the department, and the agreement between Alamance County and Soil Conservation by receiving 10% of the Present Use Value (PUV) from the January 2025 tax report and slight operating increases. The increase is partially offset by county-wide decreases to training.

Revenues

No change from FY24-25

FY24-25 Accomplishments

- Our application for the permanent preservation of a 17-acre farm has received approval at the state level. This site is located in proximity to the proposed Buc-ee's development.
- We supported 4H in organizing a Fish-N-Fun day for the sixth-grade students from Hawbridge School. For many of these students, it was their inaugural experience with fishing.

FY25-26 Initiatives

- We are currently engaged in multiple farmland preservation initiatives. Our goal is to finalize two of these projects during the 2025-2026 period.
- Expand our Voluntary Agriculture District by incorporating additional farms, totaling 1,000 acres.

Horizon

- The financial support received from State grants for conducting surveys related to our Farmland Preservation Projects typically does not encompass the entire expense as it once did.
- As time progresses and land values rise, the funding for Farmland Preservation from the County is increasingly insufficient to maintain the same number of acres as it previously could.

Budget Highlights

The FY25-26 Adopted Budget includes:

Expenditures

The Personal Health department expenditure budget will decrease by 17.4% due to implementing a vacancy rate, and county-wide decreases to uniform replacements, printer/copier costs, and contract services. The decrease is partially offset by increases for merit pay, cost of living adjustments (COLA), market study impacts, and transferring retiree health costs to the department.

The Personal Health department revenue budget will decrease by 2.9% due to a reduction in fees received based on trends from prior fiscal years.

FY24-25 Accomplishments

- A restructuring of divisions has been implemented to enhance operational efficiencies, clarify the chain of command, and refine tactics and strategies. The health divisions have now been categorized into the following areas: Dental, Women, Infants, and Children (WIC), Personal Health, Environmental Health, and Behavioral Health/Substance Use.
- In order to avoid school suspensions resulting from state immunization mandates, the health department organized four community events at schools that had the highest rates of non-compliance among students. During these events, 288 students received services, and a total of 722 immunizations were provided.

FY25-26 Initiatives

- Revitalize the quality improvement team within the department.
- Formulate a data reporting strategy for internal decision making purposes, along with a public-facing dashboard to effectively convey health department activities.

Horizon

- Anticipating reductions in federal funding, the health department currently receives just over \$2 million in federal support.

Health - Environmental Health

Department Summary

The county's environmental division within the health department protects public health by regulating air and water quality, food safety, waste management, and hazardous materials. Through inspections, education, and collaboration with local agencies, it prevents pollution, ensures compliance, and promotes safe environments for residents.

Health - Dental Center

Department Summary

The pediatric dental division of the health department provides a range of services, including cleanings, fluoride applications, oral care for infants, nutritional guidance, sealants, fillings, crowns, extractions, and comprehensive dental care for children. Additionally, the center offers emergency dental services for individuals aged 0 to 21 years. The Alamance County Children's Dental Health Center operates as a self-sustaining entity and does not receive any funding from general revenue sources.

Budget Highlights

The FY25-26 Adopted Budget includes:

Expenditures & Revenue

The Dental Center expenditure & revenue budget will decrease by 1.3% due to the expected decrease in sales & services and the end of the Duke Endowment grant funding. This includes adding 1.0 FTE, merit pay, cost of living adjustment (COLA), market study impacts, and transferring retiree health costs to the department.

FY24-25 Accomplishments

- Dental restarted its pilot program for mobile dentistry at schools.

FY25-26 Initiatives

- Ensure the availability of operative appointments does not exceed 40 days from the date of the dental exam. The goal is to align with the industry standard, which is to have the first available operative appointment within 14 days following the dental examination. However, due to the high demand for pediatric dental services, the most recent annual average for appointment availability was 47.5 days.

Horizon

- Legislative measures at the state level aimed at raising dental reimbursement rates for Medicaid.

Health - WIC

Department Summary

The WIC division of the health department provides a specialized supplemental nutrition program aimed at women, infants, and children. This program is designed for expectant mothers, breastfeeding mothers with infants under 12 months, non-breastfeeding mothers with babies under 6 months, and children up to the age of 5. WIC also offers nutrition education. WIC is a federally funded initiative and does not receive any local funding in Alamance County.

Budget Highlights

The FY25-26 Adopted Budget includes:

Expenditures & Revenue

The Women, Infants, and Children (WIC) department expenditure & revenue budget will increase by 9.1% due to the expected increase in federal funding. This includes adding merit pay, cost of living adjustment, market study impacts, and transferring retiree health costs to the department.

FY24-25 Accomplishments

- WIC expanded its online nutrition education offerings, increasing the number of completed lessons from 525 in FY23/24 to over 2400 in FY24/25.

- WIC has introduced a secure, opt-in texting system and is in the process of incorporating two-way texting to minimize “no show” appointments and enhance communication with customers.

FY25-26 Initiatives

- Achieve or sustain WIC participation at 95% of the baseline participants assigned by the State. It is essential to identify Alamance customers who qualify for WIC and offer them the chance to engage in the program.
- Conduct over 300 anemia screenings each month. Anemia, especially iron-deficiency anemia, may result in premature births, low birth weights, intrauterine growth restrictions, developmental issues, stunted growth, and compromised immune systems. Early detection through screening is crucial for identifying infants at risk before serious complications develop.

Horizon

- Expecting a decrease in federal funding for future budget years.
- Anticipating a decline in customer engagement as a result of the federal refugee freeze and alterations in immigration policy.
- Anticipating a decline in the number of eligible participants as a result of reductions in SNAP and Medicaid funding.

Budget Highlights

The FY25-26 Adopted Budget includes:

Expenditures

The Department expenditure budget will increase by 7.4% in FY25-26 due to increases for employee merit pay, market study impacts, and transferring retiree health costs to the department. This increase is partially offset by county-wide decreases to printer/copier expenses and contract services.

Revenue

The Department revenue budget will increase by 12% in FY25-26 due to federal and state funding increases for the Child Support and Foster Care programs.

FY24-25 Accomplishments

- AC DSS has strengthened community engagement through our monthly outreach efforts. In FY24, DSS conducted 47 outreach events working to connect individuals and families to vital resources. Currently, in FY25 has attended 36 events, continuing to expand education about services and foster community partnerships.
- Of the 46 closed foster care cases, 36 children achieved permanency through adoption, custody, guardianship or reunification, with 22 finalized adoptions. The remaining 10 aged out of care.
- DSS successfully maximized resource allocation, securing 96% of available revenues for FY24.

FY25-26 Initiatives

- Develop and begin implementing a Continuous Quality Improvement (CQI) framework to assess and improve service delivery, ensuring efficiency, effectiveness and client satisfaction.
- Enhance DSS's commitment to trauma-informed practices to enhance service delivery and support for individuals and families served and DSS staff.
- Continue focus on recruitment and retention efforts to build a stable, skilled workforce.

Horizon

- Changes to funding allocated to federal and state-mandated programs, such as Medicaid funding cuts, could significantly impact reimbursement received by the county for service delivery. Currently, federal reimbursement for mandated programs accounts for around 48% of total revenue.
- The implementation of PATH NC could have potential budget impacts as this initiative may require additional resources for training, system upgrades and program coordination. There are other possible impacts due to the move from VAYA to Blue Cross Blue Shield with the implementation of the state-wide plan (for foster care population). Currently AC DSS receives foster care reinvestment funds (VAYA) to reduce placement disruption, provide access to non-Medicaid funded services, prevent custody and kinship licensure. With the change to BCBS, these reinvestment funds will not continue which may result in the use of county funds to cover these costs.

Budget Highlights

The FY25-26 Adopted Budget includes:

Expenditures

The Family Justice Center department expenditure budget will increase by 6.7% in FY25-26 due to merit pay, cost of living adjustment (COLA), market study impacts, and transferring retiree health costs to the department. The increase is partially offset by countywide decreases to printer/copier costs, training, and contract services.

Revenue

The Family Justice Center department revenue budget will increase by 8.7% due to anticipated contributions to the Camp Hope program.

FY24-25 Accomplishments

- The Family Justice Center handled 1,400 client intakes and 3,200 visits—its highest ever. It prioritized high-risk cases, trained law enforcement, and expanded the Lethality Assessment Program (LAP) countywide to enhance victim support.
- In 2024, the FJC trained mentors, launched monthly programs for at-risk youth, and hosted its first Camp HOPE America Week in Alamance County. As a trauma-informed initiative, Camp HOPE supports children affected by domestic violence and other traumas, breaking cycles of generational violence.
- The Family Justice Center secured two federal grants to support local victims. The Abuse in Later Life Grant funds training and assistance for elder abuse cases, while the ICJR Grant enhances community responses to domestic violence by strengthening victim services and law enforcement coordination.

FY25-26 Initiatives

- The Family Justice Center will assess community needs, host a kickoff event, and train service providers on elder abuse, available resources, reporting, and service coordination in Alamance County.
- The FJC will enhance cooperation on high-risk cases, implement strangulation protocols, expand High Risk teams, report fatality review findings, and train local law enforcement.
- FJC intends to enhance the Camp HOPE America-Alamance program by increasing the number of child participants, mentors, activities, and financial support for the initiative.

Horizon

- The Family Justice Center (FJC) faces increasing service demand, straining space, staffing, and resources. To manage cases and improve support, additional funding is needed. Federal and state funding changes may impact the FJC and its partners.
- Emerging challenges such as the opioid and fentanyl epidemic, a rise in online scams, incidents of cyberstalking, and the proliferation of AI-generated explicit content are posing significant difficulties for the systems that support both victims and offenders.

Veteran Services Office

Department Summary

Veteran Services conducts interviews and provides counseling to veterans and their dependents to assess their eligibility for VA benefits. The department is responsible for preparing and processing applications for both federal VA and North Carolina veterans benefits. It collects and compiles necessary documentary evidence to support veterans in their claims to the VA. Additionally, it prepares and processes formal appeals to the VA by analyzing case statements, researching relevant VA laws and regulations, and formulating appeals for submission to the Board of Veterans Appeals. Follow-up inquiries are conducted on all pending claims to ensure efficient processing. The team reviews and interprets medical records related to disability claims to verify whether the evidence substantiates benefit claims. Monthly activity reports are prepared and maintained, and coordination of activities and events within the veteran community is facilitated.

Budget Highlights

The FY25-26 Adopted Budget includes:

Expenditures

The Veteran Services department expenditure budget will increase by 3.6% in FY25-26 due to merit pay, cost of living adjustment (COLA), market study impacts, and transferring health costs to the department. The increase is partially offset by county-wide decrease to printer/copier costs and training.

Revenue

The Veteran Services department revenue budget will increase by 6.3% due to the anticipated funding from the State.

FY24-25 Accomplishments

- The Veteran Service assisted an additional 965 veterans and dependents compared to the previous fiscal year.
- A new resource guide has been developed to deliver effective services to veterans and their dependents.
- The County Veterans Office successfully secured \$18,288.97 from the NCDMVA Grant Program to enhance veteran services and community support while adhering to funding guidelines.

FY25-26 Initiatives

- The Veteran Service office will organize events aimed at educating veterans and their dependents about available benefits.
- Initiate contact with relevant sources, including the Register of Deeds and the Veterans Affairs Medical Center (VAMC), to obtain a precise list of deceased veterans to be honored during the Veteran's Memorial Service.

Horizon

- This July, the Veteran Service Office is teaming up with Alamance Arts to host the second annual Alamance County Art Show for Veterans. Last year's event was a tremendous success, fostering connections between veterans, the community, and the power of artistic expression.

Budget Highlights

The FY25-26 Recommended Budget includes:

Expenditures:

The Library's expenditure budget will increase by 4.9% in FY25-26 due to merit pay, cost of living adjustment (COLA), market study impacts, and transferring retiree health costs to the department. The increase is partially offset by county-wide decreases to printer/copier costs, training, and contract services.

Revenue:

The Department's revenue budget will decrease by \$21,200 due to the end of the library Technology Grant funding.

FY24-25 Accomplishments

- Revitalized library spaces using special allocation State funding to libraries to meet the community requests for additional study rooms, private tables and comfortable chairs to complete their work.
- Expanding the hotspot lending program to meet increasing demands from 20 devices to 50.
- Engage the community through a multitude of input sessions to create a new strategic plan that will guide the next five years of library projects.

FY25-26 Initiatives

- Explore the possibility of adding 1 or 2 additional StoryWalks® at community walking tracks to improve library partnerships, create additional health and wellness opportunities, and promote the importance of literacy and child development to families.
- Support educational outcomes by establishing additional partnerships with local schools, homeschool groups, Alamance Community College, Elon, etc. to expand literacy programming and services.
- Evaluate collections to ensure a robust and well-curated offering of resources to meet the needs of the community—including consideration of popular items, audio-visual materials, digital and online resources, interactive learning kits, and a 'library of things', among others

Horizon

- Find a way to provide laptop/Chrome books for check-out to patrons, meeting this most requested need from patrons.
- Utilize data from the strategic plan to find priority locations for 24/7 lockers and library kiosks out in the community and explore grant opportunities to fund these projects.

- Replace the library van when the mileage and need for repairs necessitates.

Transfers

Department Summary

Alamance County uses transfers to other funds primarily to support large-scale capital projects. Capital plan transfers are the planned flow of resources either into Capital Reserve accounts from the General Fund, or into the General Fund from Capital Reserve accounts if not appropriated to a specific project. When the identified revenues collected in the General Fund associated with the adopted Capital Plan exceed what is to be paid in that year from the General Fund, the difference is set aside into the reserves as a source of savings and available future resources. When identified capital revenues are not sufficient to cover the year's General Fund capital expenditures, the difference is withdrawn from Capital Reserve accounts. Planning for capital plan transfers is provided by County staff who estimate the pre-identified revenues and expenditures needed in any given fiscal year over the long-term to execute the debt service obligations incurred from the issuance of bonds for education, PAY-GO capital projects, and Alamance County's capital plan.

Tourism Development Authority Fund

Tourism Development Authority

Department Summary

The purpose of the Tourism Development Authority Board is to oversee the distribution of the occupancy tax in Alamance County to further the development of travel and tourism throughout the county. The Occupancy Tax in Alamance County, authorized by the General Statute in 1988, follows a specific allocation process. After a 3% administrative fee is retained by the County, 1/3 of the remaining collection is directed by the County Commission to support agencies promoting tourism and visitation. The remaining 2/3 is allocated to the Community Visitor's Bureau (CVB) for local tourism development.

Budget Highlights

The FY25-26 Adopted Budget includes:

Expenditures

The Landfill expenditure budget will increase by 65.3% in FY25-26 due to capital investments for equipment replacements, land acquisition for additional buffer surrounding the Landfill, and funding to upgrade the existing entry and scales to accommodate the increases in vehicle volume to and from the Landfill.

Revenue

The Landfill revenue budget will increase by 65.3% in FY25-26 due to increased volume in tonnage, interest earnings, and usage of Appropriated Fund Balance.

FY24-25 Accomplishments

- The Austin Quarter Landfill has applied for and been awarded a Title V permit, authorized under the Clean Air Act, requiring annual compliance certification for air quality. A site specific Tier 2 Non-Methane Organic Compound (NMOC) test was conducted. The modeled NMOC generation rates for the next five years will not exceed the 34 Mg/yr threshold and the Landfill will not be subject to requirements to install and operate a Gas Collection and Control (GCCS) for the next five years.
- Conducted a PFAS (per- and polyfluoroalkyl substances) removal test via Foam Fractionation technology with Republic Services at their Upper Piedmont Landfill, utilizing Ultra Sanexen technology. Presently researching destruction technology for PFAS residuals resulting from the Foam Fractionation process.
- Responded to NC Department of Environmental Quality (NCDEQ) Notice of Regulatory Requirements (NORR) in the form of two action plans to identify all possible receptors and to propose additional water well installation at both the Swepsonville Landfill and adjacent residential properties for additional ground water contamination review.

FY25-26 Initiatives

- Complete the transition into the new lined 10-acre cell recently completed and permitted. This new cell should provide approximately 10 years of trash inventory.
- Finalize engineering and design of new Dual-Scale commercial entrance, including new Scale House and tire / metal recycling operations, including the bidding and award of the project for construction during CY 2025 and 2026.
- Finalize the purchase of the Cameron and Crutchfield properties adjacent to the Austin Quarter Landfill for purposes of buffer acreage.

Horizon

- Investigate and install PFAS removal technology that would remove PFAS contaminants from landfill leachate before treatment at public waste water treatment plant. Additional technology would be required to destroy the resulting PFAS media.
- Investigate public / private options for future Gas Collection and Control system, including gas to energy options. This would not be needed until at least five years reflective of Title V certification.
- Investigate engineering solution to the small wet lands issue as determined by the US Army Corps of Engineers that could affect the next cell design and construction.

Capital Budget Executive Summary

Alamance County's Fiscal Year 2026-2030 Capital Improvement Plan

Alamance County's FY25-26 Capital Budget and Capital Improvement Plan (CIP) is a planning and implementation tool for acquiring, developing, constructing, maintaining, and renovating public facilities, infrastructure, and certain capital equipment. The CIP represents a multi-year planning process that includes use of general fund, installment loans, state grant funding, lease revenue, and interest earned.

Alamance County is statutorily responsible for providing capital facilities and equipment for the County Government, Criminal Justice System, Alamance-Burlington School System, and Alamance Community College to service the public. The CIP is the result of an ongoing process to assess the needs for major capital expenditures, determine the feasibility of funding these projects, and establish a plan for financing and implementing these projects.

In developing its plan, the County adheres to a set of financial and debt management policies established by the Alamance County Board of Commissioners. These policies help preserve and improve the County's credit rating and establish the framework for the County's overall fiscal planning and management.

The Alamance County Capital Projects Review Team prioritized projects for funding in FY25-26 that were identified as:

- Essential or critical for continued operations
- A community or Board of Commissioners' priority
- Preventative maintenance to prevent future high-cost emergency repairs
- Significant or moderate risk to health and safety
- At least partially funded using non-county general funds

Alamance-Burlington School System Capital

- **Projects Funded & Completed in FY24-25:** All Alamance-Burlington School System (ABSS) completed the Haw River Elementary roof replacement project and has nine (9) additional roof replacement projects underway throughout the district. ABSS also completed driveway traffic safety improvement projects at Altamahaw-Ossipee Elementary School and EM Holt Elementary School, completed track replacement projects at Cummings High and

ALAMANCE COUNTY

Heidi N. York
County Manager

Western High, and Turrentine Middle Asbestos/Tile Replacement. Other capital projects are intact and ongoing using alternative funding sources.

- **Projects Recommended for FY25-26:** ABSS will continue to work on completing previously funded bond projects and will continue to work through the prioritized list of roof and HVAC replacements district-wide using General Fund support of \$10,000,000. ABSS will receive level funding for technology equipment from FY24-25 totaling \$1,400,000.
- **Unfunded Projects:** The amount of Alamance-Burlington School System's unfunded projects in FY25-26 is \$3,302,718 and includes projects such as: Southern Alamance Middle Roof Replacement, Security Camera and Door Access Replacements at Western High, Southern High, Williams High, South Graham Elementary, CTEC, Ray Street Academy, and Andrews Elementary. Additional technology projects were not recommended such as network support and some software. These unfunded projects can be considered for funding in future years.

Alamance Community College Capital

- **Projects Funded & Completed in FY24-25:** Alamance Community College (ACC) continues to work on completing multiple bond-funded capital improvement projects funded in prior years.
- **Projects Recommended for FY25-26:** ACC will continue to work on completing previously funded bond projects including the Public Safety Training Center construction. ACC requests no additional funding for capital improvement projects in FY25-26 while the college completes a Facilities Condition Assessment. ACC anticipates submitting a 5-Year capital improvement plan in FY26-27 based on the assessment.
- **Unfunded Projects:** The estimate of Alamance Community College's top unfunded projects has decreased from the prior year by \$1,050,000 and is now \$10,820,000. Unfunded projects include renovation of classrooms, labs, and offices on Main Campus, Dental Program upgrades and renovations, and asphalt repair and replacement. ACC remains committed to researching grant opportunities and looking for other state or federal resources to aid in completion of these projects.

ALAMANCE COUNTY

Heidi N. York
County Manager

Alamance County Capital

- **Projects Funded & Completed in FY24-25:** Alamance County began the design phase for the Development Services Center (formerly Elderly Services Center), which will house all development-related departments such as Inspections, Planning, and GIS and continued design for the Emergency Services Center renovations. The Board of Commissioners also approved debt funding for major courthouse renovations in FY24-25 to add additional courtrooms and capital. Other renovation projects completed in FY24-25 include purchasing and renovating space for the newly commissioned Alamance County Public Defender's Office, HVAC replacement at the Human Services Center, and ambulance replacements.
- **Projects Recommended for FY25-26:** The County Manager proposes a minimum Facilities Improvement Funding Formula of 1% of the annual General Fund Expenditure Budget beginning in FY25-26. This funding formula will allow the county to provide much needed maintenance and system replacements in aging county facilities, vehicles, and equipment. In an effort to increase transparency, it is recommended to fund capital projects that meet the definition for inclusion in the CIP (see page 7 for this definition) out of the Multi-year Capital Project Funds. Many of these projects take longer than one fiscal year to complete. General Fund revenues that have traditionally supported these projects in the operating budget will be transferred as needed and once approved, to the Multi-year Capital Project Funds.
 - Capital project requests were scored and prioritized and only those with the highest scores were recommended for funding. Facility Improvement projects recommended for funding include the design phase for a new Mebane EMS base, Phase II Athletic Field Updates at the AO Elementary School, and HVAC and roof replacements at multiple county buildings. Projects are funded through a combination of County General Fund Transfer (including Occupancy Tax revenue and Designated Fund Balance), grants, and installment loans.
 - Alamance County has also included funding for technology projects to shift from a lease model of county computers to a purchase model. Equipment and Vehicle replacements will now be funded out of the capital plan and includes the purchase of Body Worn Cameras for the Sheriff's Office and Detention Center staff, ambulance replacements, and replacement of county fleet vehicles that have over 120,000 miles and are in poor condition. Projects are funded through a combination of County General Fund Transfer and grants.
 - Alamance County Landfill will plan to use Solid Waste Fees to purchase property as planned to increase the landfill buffer, replace the scales at the entry to the Landfill, and purchase additional equipment such as a compactor, forklift, and open-topped trailers.

ALAMANCE COUNTY

Heidi N. York
County Manager

- **Unfunded Projects:** Future unfunded capital projects include leasing tasers for Sheriff and Detention staff, additional vehicle replacements, and IT Department renovations at the County Office Building.

Additional CIP Information

What is a Capital Improvement Plan?

A Capital Improvement Plan (CIP) contains all of the individual capital projects, equipment purchases, and major studies for a local government, in conjunction with construction and completion schedules, and in consort with financing plans. Just as a business owner must continually plan for upkeep and expansion as the business grows, the Capital Improvement Plan provides a working blueprint for sustaining the community's required infrastructures as the county population and development grows. It coordinates strategic planning, financial capacity, and physical development. A CIP stands at the epicenter of a government's Management, Maintenance, and Finance teams.

The CIP is a working document that is reviewed and updated annually to reflect changing community needs, priorities, and funding opportunities to ensure that the infrastructure exists to advance the community's strategic and long-term goals and objectives efficiently and with minimal impact on the taxpayer.

A CIP has two parts – a capital budget and a capital program. The capital budget is the upcoming year's spending plan for capital items. The capital program is a plan for capital expenditures that extends typically five to ten years beyond the capital budget.

Benefits of the Capital Program

A long-term capital program has many benefits derived from its organized approach to planning projects. The program provides a systematic evaluation of all potential projects at the same time and serves to stabilize debt service payments and reduce borrowing costs through consolidated issuance. Benefits include:

- Eliminating duplication of project requests and enabling joint planning efforts
- Establishing a system of annual examination and prioritization of County needs
- Focusing attention on community goals and objectives
- Identifying appropriate project financing and construction schedules
- Providing a basis for the formulation of bond issues, borrowing programs, or other revenue-producing measures
- Encouraging efficient government administration
- Bridging the gap between the day-to-day operations of County Government and the County's long-range strategic goals

ALAMANCE COUNTY

Heidi N. York
County Manager

The Capital Improvement Plan (CIP):

The CIP includes all capital projects for five years and forecasted spending. The plan is based on the “physical needs” of the County as prioritized in the Strategic Plan and by the Board of Commissioners.

The first year of the CIP is called the “Capital Budget,” which is formally adopted by the Alamance County Board of Commissioners and budgeted in the annual operating budget (and therefore authorized for expenditure). The projects included in subsequent years (i.e. years two through five) are for planning purposes only and do not receive spending authority until they become part of the Capital Budget.

Capital Projects:

A Capital Project is a planned expense for a facility or physical item requiring a minimum expenditure of \$50,000 by the County, having a useful life span of 10 years or more (except for technology projects), and meeting one or more of the following definitions:

1. Involves the acquisition or construction of any physical facility for the community
2. Involves the acquisition of land or an interest in land for the community
3. Involves the acquisition or construction of public utilities
4. Involves modification to facilities, including additions to existing facilities which increase the square footage, useful life, or value of the facility

Capital maintenance or replacement projects on existing facilities, as defined below:

Capital Project Costs include all expenses directly related to the acquisition or construction of any physical facility, land parcel, or major system, such as a consultant or professional services for planning, design, survey, engineering, and construction; permit fees; site preparation; installation of utilities and infrastructure; County project management fees; and acquisition of capital equipment and durable commodities required for the constructed or acquired facility to be opened and become initially operational.

Mandated Projects are projects submitted in response to a directive/law from a government body (i.e. Local, State, or Federal Government mandate).

Current Replacement Value (CRV) is the estimated cost to replace a facility. The CRV is calculated by multiplying the current construction cost per square foot (SF) of the building times the gross square footage of the building. The square foot cost for each building is based on the actual construction costs paid in North Carolina during recent projects.

ALAMANCE COUNTY

Heidi N. York
County Manager

Facility Condition Index (FCI) is a means to compare the state of a facility to others. The cost of deficiencies is divided by the CRV expressed as a percentage. When percentages exceed 70%, consideration will be given to replacement rather than repair.

Funding Sources used for payment of the capital projects may include, but are not limited to:

- General Fund Revenue: Sales and Property Tax; General Fund Balance
- Landfill Fees: User fees from Landfill to support only Landfill-related projects
- Bank Loans: Financed through a bank loan and paid back over time with General Fund revenue or dedicated Capital Reserves
- Contributions from outside sources: public/private partnerships and donations
- Designated Funds/Capital Reserve: Funds reserved from county operating revenues for capital
- Grants: Funds from foundations and/or federal and state grants
- General Obligation (GO) Bonds: Proceeds from the sale of voter authorized bonds
- Leases for equipment, vehicles, and technology (if included in the Capital Plan)
- Performance energy contracts
- Tourism: Funds received from the County's occupancy tax. These funds support only projects promoting tourism or travel in Alamance County.

Process for Preparing the Capital Plan

The Capital Plan will be reviewed on an annual basis. The Budget Department prepares and distributes the package departments and agencies utilize to submit project requests. The planning phase begins with a detailed review of five-year needs and departmental project submissions for new projects.

Projected costs are determined using historical or current costs for similar projects based on engineering or architectural estimates when available. No assumption is made for the annual escalation of project costs. Project cost estimates should be comprehensive and are included in the following phases:

- Land and Site Preparation
- Construction
- Furnishings, Fixture, and Equipment (FF&E)
- Hardware/Software
- Project Management and Other

ALAMANCE COUNTY

Heidi N. York
County Manager

Financial Management:

The Capital Plan is developed to be consistent with approved County financial policies. Financial information is reported monthly to the Oversight Committee (OSC).

Projections of Revenues and Debt Service:

To implement a more realistic plan of projects in the next five-year period, County staff provides the review committee with a forecast of revenues anticipated to be available and expected debt service costs needed to support CIP projects.

Fund Descriptions

General Fund

The General Fund is used to account for resources traditionally associated with the government which is not required legally or by sound financial management to be accounted for in another fund.

School Capital Project Fund

Accounts for resources budgeted on a multi-year basis by project for capital project needs by the local K-12 school system.

Schools Capital Reserve Fund

Accounts for resources held in reserve for capital projects needed by the local K-12 school system.

Alamance Community College Capital Projects Fund

Accounts for proceeds budgeted on a multi-year basis by project for capital project needs by the local Community College system.

Alamance Community College Capital Reserve Fund

Accounts for resources held in reserve for capital projects needed by the local Community College.

County Buildings Capital Projects Fund

Accounts for proceeds budgeted on a multi-year basis by project for capital project needs for the County and Courts.

County Buildings Capital Reserve Fund

Accounts for proceeds held in reserve for construction projects needed by the County and Courts.

Landfill Fund

Accounts for the user charges, fees, and all operating costs associated with the operation of the landfill facilities of the County. This fund also accounts for all capital projects financed by solid waste proceeds.

FINANCIAL POLICY GUIDELINES

Alamance County, North Carolina Adopted Financial Policy Guidelines

FINANCIAL POLICY GUIDELINES - OBJECTIVES

This financial policy is a statement of the guidelines and goals that will influence and guide the financial management practice of Alamance County, North Carolina. A financial policy that is adopted, adhered to, and regularly reviewed is recognized as the cornerstone of sound financial management. Effective financial policy:

- Contributes significantly to the Alamance County's ability to insulate itself from fiscal crisis,
- Enhances short term and long term financial credit ability by helping to achieve the highest credit and bond ratings possible,
- Promotes long-term financial stability by establishing clear and consistent guidelines,
- Directs attention to the total financial picture of Alamance County rather than single issue areas,
- Promotes the view of linking long-run financial planning with day to day operations, and
- Provides the Staff, the Governing Body and citizens a framework for measuring the fiscal impact of government services against established fiscal parameters and guidelines.

To these ends, the following financial policy statements are presented.

FINANCIAL POLICY GUIDELINES

Alamance County, North Carolina Adopted Financial Policy Guidelines

CAPITAL IMPROVEMENT BUDGET POLICIES

1. Alamance County will consider all capital improvements in accordance with an adopted capital improvement program and budget in accordance with a long term facility plan.
2. Alamance County will develop a five-year Capital Improvement Program and Budget and review and update the plan annually.
3. Alamance County will enact an annual capital budget based on the five-year capital improvement plan. Future capital expenditures necessitated by changes in population, changes in real estate development, or changes in economic base will be calculated and included in capital budget projections.
4. Alamance County will coordinate development of the capital improvement budget with development of the operating budget. Future operating costs associated with new capital improvements will be projected and included in operating budget forecasts.
5. Alamance County will use intergovernmental assistance to finance only those capital improvements that are consistent with the capital improvement plan and County priorities, and whose operating and maintenance costs have been included in operating budget forecasts.
6. The Capital Improvement Program will include the estimated costs for Alamance County to maintain all assets at a level adequate to protect Alamance County's capital investment and to minimize future maintenance and replacement costs.
7. The Capital Improvement Program will include a projection of Alamance County's equipment replacement and maintenance needs for the next several years and will update this projection each year. From this projection a maintenance and replacement schedule will be developed and followed.
8. Alamance County will identify the estimated costs and potential funding sources for each capital project proposal before it is submitted for approval.
9. Alamance County will attempt to determine the least costly, most appropriate and most flexible financing method for all new projects.
10. Alamance County will use non-recurring revenue sources for time-limited services, capital projects, equipment requirements, or services that can be

terminated without significant disruption to the community or County organization.

DEBT POLICIES

General

1. Alamance County will confine long-term borrowing to capital improvements or projects that cannot be financed from current revenues except where approved justification is provided.
2. Alamance County will take a balanced approach to capital funding utilizing debt financing, Capital Reserves and pay-as-you go funding.
3. When Alamance County finances capital improvements or other projects by issuing bonds or entering into capital leases, it will repay the debt within a period not to exceed the expected useful life of the project. Target debt ratios will be annually calculated and included in the review of financial trends.

Tax Supported Debt

4. Net debt as a percentage of assessed value of taxable property shall not exceed 3%. Net debt is defined as any and all debt that is based upon the taxing authority of the County Tax Supported Debt.
5. The ratio of tax-supported debt service expenditures as a percent of total governmental fund expenditures shall not exceed 15.0% with a minimum aggregate ten-year tax-supported principal payout ratio of 50%.
6. In the event that Alamance County anticipates exceeding the policy requirements stated in items 4 and 5 above, Staff may request an exception from the Governing Body setting forth the reason and need for the exception and length of time estimated to retire the debt.

FINANCIAL POLICY GUIDELINES

Alamance County, North Carolina Adopted Financial Policy Guidelines

RESERVE POLICIES

1. Alamance County will maintain a minimum Unassigned Fund Balance, as defined by the Governmental Accounting Standards Board, at the close of each fiscal year equal to 20% of General Fund Expenditures.
2. In the event that funds are available over and beyond the policy amount, those funds may be transferred to capital reserve funds or capital projects funds at the Governing Body's discretion.
3. The Governing Body may, from time-to-time, utilize fund balances that will reduce Unassigned Fund Balance below the 20% minimum for the purposes of a declared fiscal emergency or other such purpose as to protect or enhance the long-term fiscal security of Alamance County. In such circumstances, the Governing Body will adopt a plan to restore the Unassigned Fund Balance to the target level within 36 months. If restoration cannot be accomplished within such time period without severe hardship to Alamance County, then the Governing Body will establish a different but appropriate time period.
4. In other enterprise operating funds, Alamance County shall strive to maintain positive retained earnings positions to provide sufficient reserves for emergencies and revenue shortfalls.
5. Alamance County will strive to limit the designation of fund balance only for those purposes for which a legal requirement exists. Examples of such designations may include legally restricted funds, donations, and encumbered funds. In the event staff believes a designation of funds is necessary for the successful completion of a project or purchase, and no other legal basis exists for such designation, approval shall be requested from the Board of Commissioners prior to closing the accounting records for the fiscal year.

FINANCIAL POLICY GUIDELINES

Alamance County, North Carolina Adopted Financial Policy Guidelines

BUDGET DEVELOPMENT POLICIES

1. The Budget Process and Fiscal Procedures will be compliant with the North Carolina Local Government Budget and Fiscal Control Act.
2. One-time or other special revenues will not be used to finance continuing operations but instead will be used for funding special projects.
3. Alamance County will pursue an aggressive policy seeking the collection of current and delinquent property taxes, utility, license, permit and other fees due to Alamance County.
4. Budget amendments will be brought to the Governing Body for consideration as needed.
5. The Governing Body will receive a financial report at least quarterly showing year-to-date revenues and expenditures and comparing each amount to the budget as amended.
6. Alamance County will begin to develop a program to perform five-year operating budget projections that include projections of annual growth plus allowances for operating costs of new capital facilities.

CASH MANAGEMENT / INVESTMENT POLICIES

1. It is the intent of Alamance County that public funds shall be invested to the extent possible to reduce the need for property tax revenues. Funds shall be invested with the emphasis on safety and liquidity. Yield shall be a secondary consideration. All deposits and investments of County funds shall be in accordance with Chapter 159.
2. The Finance Director will establish a Cash Management Program that maximizes the amount of cash available for investment. The Program shall address at a minimum; Accounts Receivable/Billings, Accounts Payable, Receipts, Disbursements, Deposits, Payroll and Debt Service Payments.

FINANCIAL POLICY GUIDELINES

Alamance County, North Carolina Adopted Financial Policy Guidelines

CASH MANAGEMENT / INVESTMENT POLICIES

3. Alamance County will use a Central Depository to maximize the availability and mobility of cash for all funds that can be legally and practically combined.
4. Cash Flows will be forecasted and investments will be made to mature when funds are projected to be needed to meet cash flow requirements.
5. Liquidity: No less than 20% of funds available for investment will be maintained in liquid investments at any point in time.
6. Maturity: All investments will mature in no more than thirty-six months (36) months from their purchase date. Exceptions to this guideline may be authorized by the Governing Body.
7. Custody: All investments will be purchased “payment-verses-delivery” and if certificated will be held by the Finance Officer in the name of Alamance County. All non-certificated investments will be held in book-entry form in the name of Alamance County with Alamance County’s third party Custodian (Safekeeping Agent).
8. Authorized Investments: Alamance County may deposit County Funds into: Any Governing Body approved Official Depository, if such funds are secured in accordance with Chapter 159 (31). Alamance County may invest County Funds in: the North Carolina Capital Management Trust, US Treasury Securities, US Agency Securities specifically authorized in Chapter 159 and rated no lower than “AAA”, and Commercial Paper meeting the requirements of Chapter 159 plus having a national bond rating.
9. Diversification: No more than \$20 million of Alamance County’s investment funds may be invested in a specific company’s commercial paper and no more than 50% of Alamance County’s investment funds may be invested in any particular investment vehicle with the exception of North Carolina Cash Management Trust. No more than 25% of Alamance County’s investments may be invested in any one US Agency’s Securities.
10. Allocation: Investment income will be allocated to each participating fund or account based on a fair and equitable formula determined by the Finance Director.

FINANCIAL POLICY GUIDELINES

Alamance County, North Carolina Adopted Financial Policy Guidelines

CASH MANAGEMENT / INVESTMENT POLICIES

11. Reporting: Not less than twice per year the Finance Director will provide an investment report to the Manager and Governing Body including the interest earned in the past six months and on the current investment portfolio including: type of investment, purchase date, price, par amount, maturity date, coupon rate, any special investment features and due diligence taken to assure investments meet guidelines.
12. Alamance County's annual financial report will be prepared according to the standards necessary to obtain the Certificate of Achievement for Excellence in Financial Reporting from the GFOA and submitted each year for that recognition.
13. Alamance County will develop a Fiscal Procedures Manual to serve as a central reference point and handbook for all spending and purchasing activities that have a fiscal impact within the County and will serve as the County's authoritative source for fiscal procedure.

Alamance County Adopted Budget Book

Glossary

Account: The detailed record of a particular asset, liability, owners' equity, revenue, or expense.

Accrual Basis: Where revenue and expenses are recorded in the period in which they are earned or incurred regardless of whether cash is received or disbursed in that period.

Ad Valorem Tax (According to Value): A tax levied in proportion to the value of a property, commonly referred to as property tax. Ad Valorem (Property) Tax is the largest source of revenue for Alamance County. Depending on location in Alamance County, property may be subject to additional municipal, fire or other district tax rates

Allocate: To set apart portions of budgeted expenditures that are specifically designated to organizations for special activities or purposes.

Annual Budget: A budget covering a single fiscal year.

Appropriated Fund Balance: The estimated fund balance appropriated into the annual budget.

Appropriation: The amount budgeted on a yearly basis to cover projected expenditures that the Board of Commissioners legally authorizes through the Budget Ordinance.

Approved Budget: The budget as formally adopted by the Board of Commissioners for the upcoming fiscal year.

Assessed Valuation: A value set on real estate and personal property within a jurisdiction as a basis for levying taxes.

Asset: Anything owned by an individual or a business that has commercial or exchange value.

Authorized Bonds: Bonds which have been legally authorized but may or may not be sold.

Balanced Budget: Where revenues and expenditures are budgeted at equal amounts. In North Carolina, it is required that the budget submitted to the Board of Commissioners be balanced.

Board of Commissioners: The governing body of Alamance County, consisting of five commissioners elected at-large and serving staggered four-year terms.

Bond: A written promise to pay a specific amount of money with interest within a specific time period, usually long-term.

Bond Rating: A grade indicating a governmental unit's investment qualities. Generally speaking, the higher the bond rating the more favorable the interest rate and the lower the cost of financing capital projects funded by bonds. A high rating is indicative of the Government's strong financial position. Ratings range from AAA (highest) to D (lowest).

Bonds Issued: The action of a creditor/lender exchanging cash with the Government for the purpose of the bond.

Budget: Plan of financial activity for a specified period of time that matches all planned revenues and expenditures with various County services.

Budget Message: A written overview of the proposed budget from the County Manager to the Board of Commissioners. This overview discusses the major budget items of the Manager's recommended budget.

Budget Amendment: A means for the Board of Commissioners to recognize new revenues or expenditures and amend the operating budget.

Capital Budget: The capital budget is the upcoming year's spending plan for capital items.

Capital Improvement Plan (CIP): A Capital Improvement Plan (CIP) contains all of the individual capital projects, equipment purchases, and major studies for a local government; in conjunction with construction and completion schedules, and in consort with financing plans. A CIP has two parts – a capital budget and a capital program. The capital budget is the upcoming year's spending plan for capital items. The capital program is a plan for capital expenditures that extends typically five to ten years beyond the capital budget.

Capital Program: The capital program is a plan for capital expenditures that extends typically five to ten years beyond the capital budget.

Capital Outlay (or expenditure): An expenditure that results in the acquisition of or addition to a fixed asset.

Capital Project: A Capital Project is a planned expense for a facility or physical item requiring a minimum expenditure of \$50,000 by the County, having a useful life span of 10 years or more (except for technology projects), and meeting one or more of the following definitions:

1. Involves the acquisition or construction of any physical facility for the community
2. Involves the acquisition of land or an interest in land for the community
3. Involves the acquisition or construction of public utilities
